--	---------

APPENDIX TO STATEMENT VI—

Distribution of work among the teaching staff of Civil Engineering College, Silpur	215—221
--	---------

INTRODUCTION.¹

Statement I.

1. *Number of institutions.*—In the session 1917-18 there were 51 institutions² affiliated or belonging to the Calcutta University counting the Post-Graduate Classes in Arts and the Post-Graduate Classes in Science, as separate institutions. Of these 2 are in Burma, 3 are in Assam and one is in Cooch Behar and the remaining 45 are in the Bengal Presidency, 23 of these being in Calcutta and 22 in the mufassal. Of the 45 institutions in the Bengal Presidency, 13 are maintained by Government, 15 are aided institutions, 3 are maintained by the University, 1 is maintained by a municipal board and the rest (13) are private colleges. The Cooch Behar College is maintained by the Cooch Behar Darbar.

In Bengal there are 8 missionary colleges of which 6 are in Calcutta.

The number of the women's colleges is 3, all in Calcutta.

There are 12 professional colleges: 2 medical, 1 engineering, 5 training colleges for teachers and 3 law colleges in Bengal. There is 1 law college in Assam; there is no professional college in Burma.

2. *Number of students in Calcutta University.*—The total number of students in the Calcutta University including all grades in 1917-18 was 27,290.³ The number was distributed as follows:—engineering 98; medicine, 1,205; training college students, 117; law, 2,824; post-graduate students in arts, 1,479; post-graduate students in science, 199; undergraduate students in arts and science in Calcutta colleges 11,158 (of whom 4,095 were in the B. A. and B. Sc. classes); including undergraduate students in arts and science in the mufassal colleges Cooch Behar, 9,488, of whom 1,737 were in the B. A. and B. Sc. classes; undergraduate students in Assam, 816; undergraduate students in Burma 708.

3. *Number of students in Calcutta.*—In Calcutta there were altogether 15,853 students of whom 98 belonged to the Civil Engineering College, Sibpur, 1,205 to the two medical colleges, 54 to the training colleges and the remaining 14,496 students to arts, science and law. The number of the graduate students⁴ was 3,338 and the number of undergraduate students was 11,158.¹ The number of female students in Calcutta reading in women's colleges was 189. The number of intermediate students in Calcutta was 7,063.

4. (a) *Calculation of the number of the students to be provided for in the reconstituted Teaching University of Calcutta.*—In calculating this number we have made no allowance for the rate of increase; our calculations are based on the figures of 1917-18. Of the 11,158 undergraduate students in arts and science in the Calcutta colleges 7,063 were in the intermediate and 4,095 in the B. A. and B. Sc. classes. We have recommended that the B. A. and B. Sc. courses should ultimately be extended from 2 to 3 years which will increase the number of students by 50 per cent.; the number of undergraduate students in the reconstituted University of Calcutta will therefore be 6,142. If we add the post-graduate students in arts and science, and the students in law, medicine, engineering and teaching, we obtain a total of 10,837 students.

(b) *Number of students in the mufassal colleges after the separation of the intermediate colleges.*—The number of students in the mufassal colleges, excluding Dacca, will be 2,605. This has been arrived at by increasing the number of students in the B. A. and B. Sc. classes by 50 per cent. on account of the extension of the courses from 2 to 3 years.

Statement II.

5. *Rejected or 'failed' candidates.*—We have discussed in Chapters XVII, paragraphs 101-102, and XL, paragraph 34, the question whether the rejected candidates should be compelled to go through the whole course again. In this connexion it is interesting to note that 1,400 students rejoined the fourth year class after failing in the B. A. examination and 2,545 students rejoined the second year class after their failure in the intermediate examination. The largest numbers of rejected candidates are in Vidyasagar College, 669; Ripon College, 435; Bangabasi College, 394; and City College, 382. If candidates rejected at the

¹ This is reprint of Appendix XXXIV, Volume VI.

² This note is based on the figures supplied for the year 1917-18 and consequently the two newly founded colleges at Faridpur and Khulna are not counted. On the other hand the London Missionary Society's Institution which was closed in July 1918 is included here. The University College of Science and the Palit Laboratories at Ballygunj are not included in the total number of institutions, but are included as separate institutions in the list given in Volume I.

³ 48 per cent. of the post-graduate arts and science students also study law and this number is deducted in calculating the total of all the students.

B. A. examination were entirely exempted from attendance, the number of the undergraduate students in Calcutta would be diminished by 925.

6. *Number of students to be provided for in the first year class of the proposed Intermediate Colleges.*—The number of the students who joined the first year course of the Bengal colleges in 1917-18 was 6,634, excluding Medicine and Engineering. The number of students who passed the matriculation examination from the high schools of Bengal in 1916-17 was 8,349. In the year 1917-18, 79·4 *per cent.* of the students who passed the matriculation examination continued their studies in the intermediate classes. We may safely conclude that a little over 75 *per cent.* of the students who pass the matriculation or 'high school' examination will join the first year course of an intermediate college.¹ (Statements I and II.)

Statement III.

7. *Distribution of students according to locality.*—Statement III which summarises the distribution of students according to their locality, indicates the migratory nature of the Bengal students. A little less than half the number of the students in nearly every college come from other districts. The largest number of students come from Calcutta and its suburbs which contribute a total of 3,453. Dacca district contributes 2,968 students and Mymensingh district contributes 1,481 closely followed by Faridpur district with 1,472. In our scheme for the distribution of intermediate colleges,² we have considered the number of students who passed the matriculation examination of 1918 from the various districts as well as the number of the students drawn from each locality as indicated in Statement III.

Statement IV.

8. *Muslim students.*—The total number of Muslim students in all the colleges of the Calcutta University was 2,683, *i.e.*, 9·5 *per cent.* of the total. The number in the professional and arts colleges is as follows:—

Courses.	Number of Muslim students.	Ratio of the Muslim students to the total number expressed as a percentage.
Engineering	4	4·0
Medicine	47	3·9
Law	198	7·0
Teaching	23	19·7
Post-graduate and Undergraduate 'arts' colleges	2,411	9·9
TOTAL	2,683	9·5

The percentage of the Muslim population is 52·7.

Statement V.

9. *Residence of students.*—The figures supplied to us by the principals of the colleges show that 6,585 students reside with their parents, 11,988 with approved guardians, 5,000 in hostels, 403 in non-collegiate hostels, 2,556 in attached messes³ and 1,750 in unattached messes.⁴ Not a single student is entered in the column of 'unapproved guardians' and only 9 are shown as residing in unrecognised messes. These figures do not appear to be altogether accurate; it seems clear that the terms have been interpreted in different ways by different colleges. (See Report, Chapters XIX and XXXIX.)

¹ An independent calculation of this figure based on the number of candidates in five successive years yielded a result of a little over 75 *per cent.* In our calculation of the number of students for Intermediate Colleges we have assumed that 78 *per cent.* of the successful candidates in the Matriculation will join the Intermediate—*Vide* Appendix XXV of Volume VI.

² See Appendix XXV of Volume VI.

³ For the definition of attached, unattached and non-collegiate hostels, see Chapter XIX on Student Life.

⁴ See Statements V(a) and (b).

10. *Hostel accommodation in Calcutta.*—In the Calcutta colleges there were in 1917-18 altogether 15,799 students (undergraduate and post-graduate in arts and science, law, engineering and medicine). The total available hostel accommodation ¹ was as follows :—

College or Hostel.	Students.
Scottish Churches College	224
St. Xavier's College	60
St. Paul's Cathedral Mission College	165
Vidyasagar College (late Metropolitan Institution)	194
Ripon College	139
Bangabasi College	194
City College	194
Hardinge Law Hostel for Hindu students	174
Elliot Hostel	45
Baker Hostel	196
Taylor Hostel	73
Carmichael Hostel	196
Eden Hostel	254
Medical College Hostel	20
Y. M. C. A. Hostel	79
Oxford Mission Hostel	50
TOTAL	2,257

In the collegiate and non-collegiate hostels there is a total hostel accommodation for 2,257 students in Calcutta.

11. *Hostel accommodation which should be provided in the reconstituted University of Calcutta.*—In the reconstituted University there will be according to our figures about 6,142 undergraduates in arts and science. It is difficult to estimate the number of graduate students; but taking the present figure the number is 3,338 (excluding those taking up teaching courses). Hostel accommodation is provided for engineering students in the Civil Engineering College, but accommodation is not provided for medical students. The total number of students in arts, science, law and medicine will be 10,685. The number of students who reside with their parents and *bonâ fide* guardians is about 40 *per cent.* of this total. The number of students for whom hostel accommodation will be required in Calcutta will therefore be 60 *per cent.* of the total number or 6,411² for 2,257 of whom hostel accommodation is available at present. Additional hostel accommodation will therefore be required for 4,154² students.

It has already been stated in Chapter XIX the living in unattached messes is unsatisfactory, but that the attached messes, which are really miniature hostels, should be continued and gradually replaced by hostels. The number of the students now residing in the attached messes of Calcutta is 2,556. Hostel accommodation will therefore be immediately required in Calcutta for (4,154—2,556) or 1,598 students.²

12. *Residence of students outside Calcutta and Dacca.*—The number of the B. A. and B. Sc. students in the mufassal colleges of Bengal excluding Dacca and Cooch Behar is

¹ These figures also include newly built hostels which were not occupied in 1917-18.

² This figure is calculated on the assumption that rejected candidates will continue to read in colleges. If B. A. candidates who fail in the examination are not compelled to attend the colleges again, these numbers will be reduced by 555. This number is obtained by taking 60 per cent. of the failed candidates (925) which is the proportion of the candidates who reside in hostels.

1,737. This number will be increased by 50 *per cent.* when the B. A. and B. Sc. courses are extended from 2 to 3 years. Assuming that 40 *per cent.* of the students would reside with their parents and *bonâ fide* guardians, we should require hostel accommodation for 1,563 students in the mufassal colleges.

Increased hostel accommodation will be required in the 'university colleges' and the accommodation now available in some of the mufassal colleges will be used by the students of the intermediate colleges.

13. The hostel accommodation required in the mufassal must be estimated separately for each town in which the college is situated.

Hostel accommodation required in the mufassal.

Name of College.	Town in which it is situated.	Total No. of B. A. and B. Sc. students.	Estimate of total No. of students in the reconstituted University.	Total hostel accommodation required (a)	Hostel accommodation now available.	New accommodation required.
Ananda Mohan College . . .	Mymensingh . . .	142	213	128	178	<i>Nil</i>
Brojo Mohan College . . .	Barisal . . .	185	277	166	48	118

(a) The accommodation required for students in the two classes in the intermediate stage is not taken into consideration.
 (b) As the college was not affiliated for the B. A. course in 1917-18, figures are not available.

Statement VI.

14. *Teaching Staff.*—The particulars of the teaching staffs of the various colleges are given in Statement VI. The following table shows the strength of the staff, the average salary of the teachers, including and excluding the principals, and also the number of students per teacher in each of the colleges affiliated to the University of Calcutta :—

Salaries and other details regarding the teaching staff.

Name of college.	Town in which it is situated.	No. of teachers.	Total of monthly salaries.	Average salary per month including the principal.	Average salary per month excluding the principal.	No. of students.	No. of students per teacher.	REMARKS.
I. GOVERNMENT COLLEGES.								
1. Bethune College . . .	Calcutta . . .	10	2,970	287	250	89	8.9	(a) This figure taken by itself is very misleading as there are a large number of students reading in the college diploma and other classes.

Statement VII.

15. *Conditions of service in non-Government colleges.*—It will be seen that in non-Government colleges there is no security of tenure in the legal sense, although in many colleges the position of the teachers may be regarded as reasonably assured; in others it is precarious. We have recommended in Chapter XXXIV that teachers should be engaged in accordance with the terms of a legal contract.

16. *Superannuation schemes.*—There are already superannuation schemes or provident funds in some colleges. We have recommended in Chapter XXXIV that the practice should be made universal.

Statement VIII.

17. *List of publications of members of the teaching staffs, 1913-17.*—This list has been included in the statistics in order to furnish an indication of the amount and nature of the original work now being carried on in the University and its colleges.

Statements IX-A and IX-B.

18. *Number of working days in the year.*—The number of working days in the year varies, not only from college to college but from class to class in a remarkable manner. The session 1917-18 was disturbed for first year students owing to the postponement of the

matriculation and this may have given rise to some of the irregularities shown in the table. But the following figures for the second year classes in the different faculties illustrate the difference in the working years of the different colleges :—

Second year.	Maximum number of working days.	Minimum number of working days.
Arts	198	78
Science	198	48
Law	200	157
Medicine (a)	194	...
Engineering (b)	164	...
Teaching	195	108

(a) In the year 1917-19, Belgaichia Medical College had no second year class.

(b) There is only one engineering college in Bengal.

Statement X.

19. *Periods which elapse between the first day of the session in the first and third years and the actual beginning of the teaching work for students in those years, respectively.*—The session 1916-17 was exceptional owing to the postponement of the matriculation examination. But this postponement did not affect the work of the third year. The delay in beginning work in certain colleges appears to be due to the time taken in registering students. Taking the third year only, we find that the delay in beginning work amounted to as much as 6 weeks in some instances, while other colleges found it practicable to begin work immediately or almost immediately after the commencement of term. Long delays involve a grave waste of the students' time.

Statement XI.

This statement shows the extra-University courses offered by the colleges of Calcutta University. Some of the colleges do indeed offer some subjects of study which belong to this category, but they are mostly religious in character or else such as are necessary for certain specific, though non-University, examinations, as Pleadership or State Medical Faculty examination. A college or two provided for lectures in subjects like physical education or hygiene.

Statement XII.

In the great majority of western universities the classes are attended not only by persons following a regular degree course but by considerable numbers of other persons who desire to attend them for various purposes. The practice of allowing persons other than examination candidates to attend university courses is very rare in India.

STATEMENT I—(A) AND (B).
Number of students in the session 1917-18.

(a) In the succeeding statements the total number of students of Rangoon College is shown as 1,115, including 22 students for premiership tests.
(b) The total number of students is 2,140, as 40 students attend two out of the three classes.

Note.—The periods of work shown for the staff of the Belgachia Medical College require some explanation. The number shown under the sub-heading "lectures" refers in each case to the total number for the academic year. Of the 135 lectures delivered by Mr. Profulla Chandra Roy, 104 deal with inorganic and the rest with organic chemistry. It will be observed that under two other sub-headings "Tutorial" and "practical" two sets of figures are given one being bracketed and the other set without any brackets, the latter refer to the hours of work during the period July-December of 1917 and the former to the period January-April 1918. Dr. A. K. Roy Chowdhury takes weekly 24 hours of practical work during the dissection season from November to January, the corresponding figure for the rest of the year being 12.

Teacher	Subject	Year	Age	Sex	Height	Weight	Temperature
charyya.	Nath	M. A. in English, class III, 1892	10
Babu Kamakhya Mitra.	Do.	Do.	13
Babu Jyotsnamay Basu	M. A. in English, class II, 1915	Do.	15
Babu Bibhuti Bhushan Mandal, Professor of Mathematics (Post vacant).	M. Sc. in Mathematics, class I, 1916.	Mathematics	13
Babu Rama Kanta Bal	Read up to B. Sc. Standard	Chemistry	85
Babu Nishi Kanta Bal	Read up to B. Sc. Standard	Physics	35

Note.—Besides the amounts of salary noted above all the members of the teaching staff are provided with residential quarters and free medical attendance. A lecture period is 45 minutes and a practical class period is 60 minutes.

* Lectures in the first year class commenced on the 9th November. A lecture period is 45 minutes and a practical class period is 90 minutes.

* Lectures in the first year class commenced on the 30th November 1917 and the second and the fourth year classes were simultaneously held during these three weeks only. There was no tutorial class during these weeks. The hours of work shown in this statement refer to this period during which however: Pandit Jamini Kanta Tarkatirthi and Babu Rama Kanta Bal had no work and the hours of work shown against their names refer to the period from July to October 1917.

Hooghly College	Chinsura	14	Mr. J. M. Bottomley	B. A. (Oxon.), class I. Mathematical Moderations, class II; Classical Moderations, class II; Mathematical Finals, 1910. Open Scholar of Christ Church, Oxford.	41	7	850*

Particulars of teaching staff for the session 1917-18—contd.

Name of college.	Town in which the college is situated.	Total number of members of the teaching staff.	Name of member of teaching staff.	Qualifications.	Subjects taught.	Hours of work in each subject, with special note as to the number of hours of practical work in science.				SALARY.			
						Lecture.	Tutorial.	Practical.	Mini-mum.	Rate of incre-ment.	Maxi-mum.	At present drawn.	
University Post-Graduate Classes in Arts—contd.	Calcutta		Dr. Harendrakumar Mookerjee.	M. A. in English, Gold Medallist, 1898. Ph. D., 1918. Formerly Principal, Rajchand College, Barisal, and Professor of English, City College, Calcutta.	English	5	5	...	Rs. 350	Rs. 25	Rs. 450	Rs. 300	
			Babu Saileswar Sen	M. A. in English, Gold Medallist, 1899. Formerly Principal and Professor of English, Hindu College, Delhi.	Do.	3	7	...	300	300	
			Prof. H. Stephen	M. A., D. D. (Aberdeen). Formerly Professor, Free Church Institution and Scottish Churches College, Calcutta.	Do.	7	5	...	750	750	
			Mr. T. S. Sterling	M. A. (Cantab.). Medieval and Modern Languages Tripos. First Charles Oldham Shakespeare Scholar in Cambridge University. Professor, Presidency College, Calcutta.	Do.	5	100	100(a)	
			Pandit Sitikantha Bachaspati	Class I in Government Title Examination in Kavya, a scholar of the Old School in respect of Dharmasastra. Professor, Sanskrit College, Calcutta.	Sanskrit	1	50	50	
			Babu Muralidhar Banerjee	M. A. in Sanskrit, Gold Medallist, 1890. Professor, Sanskrit College, Calcutta.	Do.	4	50	50	
			Mr. D. R. Bhandarkar	M. A. (Bombay). Formerly Superintendent, Western Circle, Archaeological Survey of India. Carmichael Professor of Ancient Indian History and Culture.	History and Pali	2	1,000	1,000	
			Mahamahopadhyay Kaliprasanna Bhattacharya	M. A., 1876. Formerly Principal, Sanskrit College, Calcutta.	Sanskrit	3	100	100	
			Prof. K. K. Bhattacharyya	M. A., 1894. Formerly Professor	Do.	4	300	25	400	350	

Babu Chakrabarti.	Niranjanprasad	Formerly Professor, Ripon College, Calcutta.	Do.	4	150	150
Babu Chakrabarti.	Prabhatchandra	M. A., Gold Medallist, 1916. Formerly Professor, St. Xavier's College, Calcutta.	Do.	4	150	150
Babu Surendranath Majumdar.		M. A., Gold Medallist, 1910. P. R. Student 1911.	Sanskrit and History.	7	250	25	500	325
Pandit Sakalnarayan Sarma.		Professor, Sanskrit College	Sanskrit	2	50	50(a)
Vedantabharad N. S. Ananta Krishna Sastri.		Formerly Principal and Professor of Sanskrit, Sanskrit College, Tirpathi.	Do.	3	150	150
Pandit Anantosh Sastri		M. A., Gold Medallist, 1891. Professor, Presidency College.	Do.	3	50	50(a)
Pandit Bahuballav Sastri		Professor, Sanskrit College, Calcutta.	Do.	2	50	50(a)
Pandit Bhagabatkumar Sastri		M. A., Gold Medallist, 1899. Professor, Hooghly College.	Do.	2	50	(50a)
Mahamahopadhyay Lakshman Sastri.		Professor, Sanskrit College, Calcutta.	Do.	2	50	50
Rai Rajendrachandra Sastri Bahadur.		M. A., Gold Medallist, 1883. P. R. Student 1885, Bengali Translator to the Government of Bengal.	Do.	2	100	100
Pandit Sitaram Sastri		Vedic Scholar	Do.	7	200	200
Pandit Haragobinda Set		Formerly Professor of Jaina Pathshala, Benares.	Do	5	100	100
Prof. I. J. S. Taraporewala		B. A. (Bombay and Cantab.) Ph. D. (Wurzberg). Formerly Professor, Central Hindu College, Benares, Professor, Comparative Philology, Calcutta University.	Sanskrit and Comparative Philology.	11	500	500
Mahamahopadhyay Pranathanath Tarkabhushan.		A Pandit of the Orthodox School. Professor, Sanskrit College, Calcutta.	Sanskrit	2	50	50
Mahamahopadhyay Gurucharan Tarkadarsantirtha.		Professor, Sanskrit College, Calcutta.	Do.	1	50	50
Pandit Sivakumar Tarkadarsantirtha.		Do.	2	75	75
Pandit Krishnacharan Tarkalankar.		Do.	2	75	75
Pandit Rajendranath Vidya-bhusan.		Professor, Sanskrit College, Calcutta.	Do.	3	50	50
Mahamahopadhyay Dr. Satishchandra Vidya-bhusan.		M. A. (Sanskrit, 1893; Pali) Gold Medallist, 1901; Ph. D., 1908. Principal, Sanskrit College, Calcutta.	Sanskrit and Pali	6	250	250

(a) Honorarium.

Particulars of teaching staff for the session 1917-18--contd.

Name of college.	Town in which the college is situated.	Total number of members of the teaching staff.	Name of member of teaching staff.	Qualifications.	Subjects taught.	Hours of work in each subject, with special note as to the number of hours of practical work in science.			SALARY.			At present drawn.
						Lectures.	Tutorial.	Practical.	Rate of increment.	Maximum.	Minimum.	
University Post-Graduate Classes in Arts—contd.			Babu Sailendranath Mitra	M. A., Gold Medallist, 1912. Pali research scholar. Formerly Professor, Baptist College, Rangoon.	Pali	Rs. 200	Rs. ...	Rs. 200	
			Sheikh Muhammad Khalil Ahmed.	M. A., Gold Medallist, 1894. Formerly Persian Translator, High Court, Calcutta.	Persian	4	100	...	100	
			Sheikh Abu Nasr Gilani	Priest of the Shiaks	Persian and Arabic.	4	100	...	100	
			Maulvi Abd Musa Ahmadul Haq.	Maulvi of the Asiatic Society, Bengal.	Arabic	4	100	...	100	
			Shame-ul-Ulama Vilayat Hossain.	Formerly Head Maulvi, Calcutta Madrasah.	Persian and Arabic.	4	100	...	100	
			The Hon'ble Dr. A. Subrawardy	M. A., Gold Medallist, 1898; Ph. D., 1908.	Arabic, Persian and History.	7	500	...	500	
			Mr. J. R. Banerjee	M. A., Gold Medallist 1888. Vice-Principal, Vidyasagar College, Calcutta.	Philosophy	2	100	...	100	
			Babu Haridas Bhattacharyya	M. A., Gold Medallist, 1914. Formerly Professor, S. C. College, Calcutta.	Philosophy and Exp. Psychology.	6	2 (1/2)	...	200	250	250	
			Babu Krishnachandra Bhattacharyya.	M. A., Gold Medallist, 1896; P. R. Student, 1901. Professor, Bethune College, Calcutta.	Philosophy	2	100	...	100	
			Mr. P. K. Chakrabarty	M. A., Gold Medallist, 1904; M. A. (Cantab.) Mental and Moral Science Tripos, class I in both parts.	Do.	2	100	...	100	
			Babu Kalidhan Chatterjee	M. A., Silver Medallist, 1913. Professor, S. C. College, Calcutta.	Do.	4	1 (1/2)	...	100	...	100	
			Babu Satischandra Chatterjee	M. A., Gold Medallist, 1916. Formerly Professor, Ripon College, Calcutta.	Do.	3	3 (1/2)	...	200	...	200	
			Rev. G. Ewan	M. A. (Edin.), 1906, with first class Honours in Mental and Moral Philosophy. Professor, S. C. College.	Do.	4	1 (1/2)	...	100	...	100	
			Mr. B. C. Ghosh	M. A. (Allahabad), M. A., M. B. (Cantab.) L. S. A. (London), 1904, State Scholar at Cambridge.	Philosophy and Exp. Psychology.	5	100	...	100	

Particulars of teaching staff for the session 1917-18—contd.

Name of college.	Town in which the college is situated.	Total number of members of the teaching staff.	Name of member of teaching staff.	Qualification.	Subjects taught.	Hours of work in each subject, with special note as to the number of hours of practical work in science.			SALARY.			
						Lectures.	Tutorial.	Practical.	Mini-mum.	Rate of Incre-ment.	Maxi-mum.	At present drawn.
University Post-Graduate Classes in Arts— <i>contd.</i>	Calcutta		Mr. Rameschandra Majumdar	M. A., Silver Medallist, 1911. Prenchand Roychand Student, 1912. Formerly Professor. Dacca Training College.	History . .	4	3	...	Rs. 300	Rs. 25	Rs. 400	Rs. 375
			Babu Hemchandra Raichoudhuri	M. A., Gold Medallist, 1913. Formerly Professor, Presidency College, Calcutta.	Do. . .	2	3	...	200	200
			Babu Bipinbihari Sen	M. A., Gold Medallist, 1891. Formerly Professor, Hooghly College.	Do. . .	6	4	...	400	25	500	475
			Babu Surendrachandra Sen	M. A., Silver Medallist, 1915. Formerly Professor, Robertson College, Jubulpore.	Do. . .	2	5	...	200	200
			Mr. K. Zachariah	B. A. (Oxon.) Professor, Presidency College.	Do. . .	4	100	100(a)
			Dr. Pramathanath Banerjee	M. A., 1902; D. Sc. (London). Formerly Professor, City and Scottish Churches Colleges.	Economics . .	5	400	25	500	425
			Babu Satishchandra Chakrabarty	M. A., Silver Medallist, 1912. Formerly Professor, Victoria College, Cooch Behar.	Do. . .	3	4	...	200	25	300	225
			Babu Durgagoti Chattopadhyay	M. A., Silver Medallist, 1914. Formerly Professor, Scottish Churches College, Calcutta.	Do. . .	4	5	...	200	200
			Mr. J. C. Coyajee	B. A. (Bombay and Cantab.), LL. B. (Cantab.) Professor, Presidency College.	Do. . .	5	100	100(a)
			Babu Praphullachandra Ghosh	M. A. Silver Medallist, 1916, B. Sc.	Do. . .	3	5	...	200	200
			Mr. C. J. Hamilton	M. A. (Cantab.) Minto Professor, Calcutta University.	Do. . .	2	1,000	1,250
			Babu Panchanandas Mookerjee	M. A., Gold Medallist, 1912. Professor, Presidency College.	Do. . .	3	100	100(a)
			Babu Radhakamal Mookerjee	M. A., 1910. Prenchand Roychand Student, 1915. Formerly Professor, Krishnath College, Berhampore.	Do. . .	4	4	...	250	250
			Babu Jitendraprasad Niyogi	M. A., Gold Medallist, 1913	Do. . .	1	7	...	200	200
			Babu Satishchandra Ray	M. A., 1886. Formerly of the Finance Department of the Government of India and Chief Accountant.	Do. . .	4	3	...	500	25	600	575

University Graduate Classes in Science.	Post- graduate	Calcutta	39	Mr. Bijaykumar Sarkar	A. B. (Harvard). Formerly Pro- fessor, Central Hindu College, Benares. M. A., Gold Medallist, 1915.	No.	#	300	300	300
				Babu Jogischandra Sinha	M. A., Gold Medallist, 1915.	Do.	4	3	...	200	200	200
				Mr. W. C. Wordsworth	M. A. (Oxon. and London). Prin- cipal, Presidency College, Calcutta.	Do.	100	100	100(a)
				Dr. Haridas Bagchi	M. A., Gold Medallist, 1908. Prem- chand Roychand Student, 1910. Ph. D., 1912. Formerly Profes- sor, Cotton College, Gauhati.	Pure Mathematics.	6	250	25	300	300
				Babu Hariprasanna Banerjee	M. Sc. (Allahabad). Gold Medal- list, 1914.	Do.	5	5	...	200	25	250	225
				Babu Satishchandra Bose	M. A., 1896. Professor, Vidyasa- gar College.	Do.	1	5	...	100	100	100(a)
				Babu Indubhushan Brahmachari	M. A., Gold Medallist, 1896. Prem- chand Roychand Student, 1893. Formerly Professor, Cotton College, Gauhati, and Scottish Churches College, Calcutta.	Do.	4	2	...	300	300	300
				Babu Sasindrachandra Dhar	M. Sc., Gold Medallist, 1916.	Do.	5	4	...	200	200	200
				Babu Surendramohan Ganguli	M. Sc., Gold Medallist, 1912. Prem- chand Roychand Student, 1914.	Do.	7	3	...	200	25	250	250
				Babu Satishchandra Ghosh	M. A., Gold Medallist, 1912. For- merly Professor, Scottish Churches College, Calcutta.	Do.	7	2	...	250	250
				Babu Manoranjan Gupta	M. Sc., class I, 1913	Do.	6	3	...	200	200	200
				Babu Narendrakumar Majumdar	M. A., Gold Medallist, 1912	Do.	10	200	25	250	250
				Dr. Sramadas Mookerjee	M. A., 1890, Ph. D., 1910. For- merly Professor, Presidency and Hooghly Colleges.	Do.	7	400	25	500	475
				Mr. Sudhansu Kumar Banerjee	M. Sc., class I, Silver Medallist, 1914, Premchand Roychand Scholar, 1915. Sir Rashbehary Ghosh Research Scholar from November 1914 to June 1916.	Spherical Astro- nomy. Theory of Tides	4	1	...	200	25	250	200
									During the present Session no lectures are delivered as there are no students.
						General properties of matter; and the Mathematical Theory of Elec- tricity and Mag- netism.	1
						Hydro Dynamics Lunar and Planetary theo- ries.	2
				Mr. Bibhatibhusan Datta	M. Sc. in Mathematics, class I		4	200

(e) Honorarium.

Particulars of teaching staff for the session 1917-18—contd.

Name of college.	Town in which the college is situated.	Total number of members of the teaching staff.	Name of member of teaching staff.	Qualifications.	Subjects taught.	Hours of work in each subject, with special note as to the number of hours of practical work in science.		SALARY.			
						Lectures.	Tutorial. Practical.	Mini-mum.	Rate of incre-ment.	Maxi-mum.	At present drawn.
University Post-Graduate Class in Science— <i>contd.</i>	Calcutta		Mr. Nalini Mohan Bose .	B. Sc. with Honours in Mathematics, first in class I 1912. M. Sc. in Mathematics, First in class I; Gold Medallist, 1914.	Particle of Dynamics; Rigid Dynamics and Advanced Dynamics.	5	1	Rs. ...	Rs. ...	Rs. 200	
			Mr. Sitesh Chandra Kar .	B. A. with Honours in Mathematics, class I, second in list and also in science class II, third in list, 1907. M. A. in Mixed Mathematics. First in class I, 1910.	Dynamics of a Particle.	...	2	100
			Mr. Saradaprasanna Das .	First in Entrance. First in F. A. examination, 1894. First in B. A. with first class Honours in Mathematics, Physics and Chemistry, 1895. M. A. in Mathematics, class I.	Statics .	2	100
			Mr. Karunamay Khastgir	B. Sc. with Honours in Mathematics, M. Sc. in Mathematics, class I, Silver Medallist.	Particle Dynamics	2	100
			Mr. Nikhitrangan Sen .	B. Sc. with first class Honours in Mathematics, 1913. M. Sc. in Mixed Mathematics, first in class I, 1916.	Statics	2	200
			Mr. Hemchandra Sen Gupta	M. A., class II, First in order of merit there being none in first class.	Hydrostatics .	2	100
			Mr. Susil Kumar Acharyya	M. Sc. in Physics, second in class I, Silver Medallist, 1912. B. Sc. with Distinction, 1910. F. A. in 1908. Obtained Duff scholarship.	Electricity and Magnetism. General theory of Heat and Current Electricity and Electro-Dynamics. Electricity	15*	...	15	200
			Mr. Charuchandra Bhattacharyya.	B. A. with Honours in Physics and Chemistry, M. A. in Physics, class II, 1905.	Electricity	25*	...	10	100
			Mr. Satyendra Nath Basu	First in the I. Sc. Examination, 1911, B. Sc. with Honours in Mathematics, first in class I, 1913. M. Sc. Mixed Mathematics first in class I, University gold medal, the Goresin prize and medal 1915.	General Physics and Theory of Relativity	4	...	19	200
							1	...	12
					Classes have not been						

Mr. Dwijendra Kumar Majumdar.	Gold medalist. B.A. with Honours in Physics, class I, Woodrow Scholar.	Conduction (Heat), Electricity and Magnetism.	5	...	6
Prof. C. V. Raman	B. A. with Honours in Physics and Chemistry, 1902. M. A., class II, 1903. B. A. (Madras), class I, first in list. Gold medalist, secured record marks and was the first man to get class I in M. A. in Physics. Obtained Arbuthnot and Thompson prizes for English language and literature. Vizianagram prize for Science. First in the All-India examination for admission into the Indian Finance Department. Member of the Council of the Calcutta Mathematical Society, special lecturer at the foundation of the Benares Hindu University. Associate member of the American Physical Society. Referee in Physics to the Indian Science Congress. President of the Indian Science Congress (Physics section). Vice-President of the Indian Association for the cultivation of science. Director of the Astronomical Society of India. First Woodburn Gold medalist for Research in Physics.		25*	...	20
Mr. Sisir Kumar Mitra	M. Sc. in Physics, class I, first in list, 1912. Obtained University gold medal; also Motilal Mallik Gold medal.	Physical Optics and Spectroscopy.	10*	15	200
Mr. Jogeshchandra Mookerjee	M.A. in Physics, class I, Gold medalist, 1907. B. A. with Honours in Physics and Chemistry, class II, 1906. P. A. first grade scholar 1904. Entrance third in order of merit.	Acoustics.	36*	...	15	230	20	250	225
Mr. Abinash Chandra Saha	M. Sc. in Physics, class I, first in list, 1914. University gold medalist, Motilal Mallik gold medalist.	Electro-dynamics Modern Electricity.	15*	...	15	200	200
			8	...	15

* Total number of lectures in the Session.

Hours of work in each subject with special note as to the number of hours of practical work in science.			SALARY.				At present drawn.
						Lectures	Tutorial	Practical	Mini-mum.	Rate of incre-ment.	Maxi-mum.		
University Post Graduate Classes in Science—contd.	Calcutta		Mr. Meghnad Saha	M. Sc. in Mixed Mathematics, class I, second in list, 1915.	Thermodynamics Kinetic theory of gases and the theory of Radiation.	4	Rs. ...	Rs. ...	Rs. ...	200	
			Mr. P. C. Mahalanobis Dr. D. N. Malik	B. A. (Cantab.); B. Sc. (London) B. A. (Cantab.); B. Sc. (London) Sc. D. (Dublin); F. R. S. E. class I. Mathematical Tripos, Part I, class II. Part II Double Honours in Physics and Mathe- matics (Londop).	Physics Theory of Poten- tial Advanced Astronomy, Hydrodynamics Lectures on the history of the Ether.	6 or 8	100 100		
			Mr. D. B. Meek	M. A., B. Sc. (Glasgow) M. A. with first class Honour in Mathe- matics and Natural Philosophy, B. Sc. with distinctions in all the sub- jects of the final 1907. First class Diploma in Education (theory and practice) Breadalbane scholar, Cleveland and Rae University, Gold Medal in Natural Philo- sophy, Lorimer Bursar in Mathe- matics, University Bursar in Dyna- mics; Professor of Physics in Presidency College.	Physics (Electri- city and Optics).	60*	100		
			Sir P. C. Ray	D. Sc. (Edin.), Honorary Ph. D., (Calcutta); Honorary D. Sc. (Durham); Fellow of the Chemi- cal Society, London; Fellow of the Asiatic Society of Bengal. Dean of the Faculty of Science of the University of Calcutta. Late Senior Professor of Chemis-	Inorganic Che- mistry.	2	850	50	1,000	850	

Dr. P. C. Mitter	B. Sc., 1903, M. A., 1904, Ph. D. (Berlin), 1912, (Magnacum Lande) Mitglied deutscher chemischen Gesellschaft, Member of the Faculty of Science.	Organic Chemistry.	Supervision of practical work and general management of the department.	500
Dr. Rasiklal Datta	B. Sc., with first class Honours, first in rank 1910. M. Sc., class I, first in rank, 1912. D. Sc., 1916. Premchand Roychand Scholar, Ganga Prasad Gold Medallist, 1910. Laha Graduate Scholar, 1910-12, University Gold Medallist 1912, Hemchandra Gossain Gold Medallist and prizeman, Elliot prizeman and Gold Medallist. Post Graduate Palit Research Scholar. Member American Chemical Society. Life Member, Indian Association for the Cultivation of Science; Member Asiatic Society, Bengal. Awarded Research grant from the Department of State, Washington. Awarded Research grant from the London Chemical Society. Awarded Griffith Memorial prize for Scientific Research, 1916.	Do.	2	...	21	250
Fr. J. N. Mookerjee	M. Sc., class I, second in list, 1915.	Do.	*40 Supervision of practical work.	200
Mr. J. C. Ghosh	B. Sc., with honours in Chemistry, class I, first in list. M. Sc., class I, first in list, 1915.	Do.	40 Supervision of practical work in Physical Chemistry throughout and the session.	200
Mr. Jyotibhusan Bhaduri	M. A. in Physics, class I, Premchand Roychand Scholar in Chemistry. Elliot Research Scholar.	Do.	*40 Practical work, 4th of a session 4 hours a day (5th year class), 2 hours a day throughout the senior (6th year class).	100

* Total number of lectures in the Session.

University Post Graduate Classes in Science— <i>contd.</i>	Calcutta		Dr. B. B. Dey	B. Sc., with second class Honours in Chemistry and Botany. M.Sc., 1910. Premchand Roychand Scholar D.I.C. (Imperial College, London), A.I.C. (London), 1914. D.Sc. (London), 1913. F.I.C., (England), 1917. Fellow of the Chemical Society.	Organic Chemistry.	*45	...	Rs. ...	Rs. ...	Rs. ...	Rs. 100
			Dr. Anukulchandra Sarkar	M. A. in Chemistry, 1908. Government Research Scholar, 1909-11. Premchand Roychand Scholar, 1910. Gold Medallist, 1910. Ph.D., 1914. Gold Medallist for being the first Doctor in Chemistry, Calcutta University, 1914. Fellow of the Chemical Society of London. Exclusively engaged in Research work, 1909-1914.	Do.	*41	In charge of the practical work (organic) of the Post-graduate class.	100
			Babu Bidhubhuan Datta	M. A.	Chemistry.	100
			Babu Palin Behary Sarkar	M. Sc., class I, second in list, 1916	Inorganic Chemistry.	*60	Supervision of practical work in Chemistry (inorganic).	125
			Mr. K. G. Naik	B. Sc. (Bombay), 1907. M.A., (Bombay), 1908. Formerly Senior Professor of Chemistry, Krishnath College, Berhampur.	Do.	2	250
			Mr. Surendra Chandra Banerjee	B. Sc., 1906. M.A. in Botany, class I, 1907. Assistant Botanical Survey of India, 1910-1914.	Botany	15	100

Mr. S. C. Mahalanobis	research student in Dr. Hilgard's Soil Laboratory for one year worked under Dr. Otsu, in Plant Physiology. Took special course in Cryptogamic Botany under Professor Setchell.	Physiology	1 Directs practical work four hours in the week.	100
Mr. Nibaran Chandra Bhattacharya	B. Sc. (Edin.), F.R.S.E. Practical Chemistry, 1st class. Honours (full marks). Physiological Chemistry and Histology, first class Honours, Plant Physiology, first class, first in list. Practical Materia Medica Honours, class I, Medallist. Practical Botany, first prize for Botanical drawings, prize for microscopic slides. Petrology Honours, class I.	Do.	3 ... 4	100
Mr. Hem Chandra Das Gupta	M. A. in Geology, class I, obtained University Medal and prize.	Paleontology	3 Supervises practical work for two days in the week.	100
Mr. Sarat Chandra Biswas	M. Sc. in Geology, class I, first in list, 1910. Was lecturer on Commercial Geography at the Government Commercial Institute, Calcutta.	Mineralogy, Chemical Geology; Economic Geology.	2 In charge of practical classes for days a week.	200
Mr. E. Vredenburg	Bachelor's letters in the French University. Bachelor's degrees in the French University. Associate of the Royal School of Mines. Associate of the Royal College of Science. Fellow of the Geological Society of London. Fellow of the Asiatic Society of Bengal. Superintendent of the Geological Survey of India. Member of various learned Societies.	Geology. Main subject of lectures this year. A census of the igneous rocks of India.	2	200

STATEMENT VII.

Conditions of service of teaching staff in non-Government colleges

Conditions of service of teaching staff in

Name of college.	Town in which the college is situated.	Conditions of service of the various classes of members of the teaching and administrative staffs (excluding menials).	Security of tenure.
Ananda Mohan College	Mymensingh	All the members of the teaching and administrative staffs enjoy progressive salaries with the exception of the following:— Fourth Professor of English, Professor of Bengali, Senior and Junior Professors of Persian and Junior Professor of Chemistry and Laboratory Assistant.	Permanence is assured to officers so long as their work is satisfactory.
Bangabasi College	Calcutta
Baptist College	Rangoon	...	Missionary members—Appointment for indefinite period. All others—Annual agreement
Belgachia Medical College	Cossipore	...	Some of the members of the present teaching staff are permanent, one is appointed on terms settled by Government and all the rest are on probation. Messrs. P. C. Ray, M. K. Sen, S. P. Majumdar, S. R. Bose and P. P. Sen Gupta and Dr. S. N. Bose belong to the first category; Messrs. M. K. Sen, M. M. Roy and B. B. Datta and Drs. B. C. Ghosh, H. N. Das, S. P. Neogy, K. S. Roy, B. N. Ghosh, M. N. Bose, A. K. Roychowdhury and S. P. Bhattacharji belong to the last. Dr. E. N. Ghosh has been appointed on terms settled by Government.
Braja Mohan College	Barisal
Burdwan Raj College	Burdwan	Pensionable

MENT VII.

Government colleges.

Age of retirement.	Details of Pension Fund, if any.	Details of Superannuation Fund, if any.	Details of Provident Fund, if any.
None	A Provident Fund for the benefit of permanent officers drawing a monthly salary of Rs. 20 or more has been in existence since June, 1909. Every such officer contributes to the fund at the rate of one anna per rupee of his salary and half as much is contributed by the Governing Body of the college and the total, with such interest as may accrue thereon, is placed at the credit of the officer. The rules for the administration of the fund are the same as those laid down by Government for the administration of similar funds belonging to District Boards and Municipalities.
Missionaries—70	Missionaries.—Indefinite.	...	
Will be settled when the new Governing Body is appointed in terms of agreement with the Government.	
As a rule all officers retire at the age of 60 years unless the Maharajahdiraja Bahadur of Bardwan in any particular case ordered otherwise.	Professors, teachers and other officers of this institution become entitled to a life pension amounting to 1/3 of the average monthly pay for the last 5 years after 20 years faithful service and to a pension equal to 1/4 of the average monthly pay for the last 5 years after 25 years faithful service and to a life pension amounting to 1/2 of the average monthly pay for the last 5 years after 35 years faithful service and to a life pension		

Conditions of service of teaching staff in

Name of college.	Town in which the college is situated.	Conditions of service of the various classes of members of the teaching and administrative staffs (excluding menials).	Security of tenure.
Burdwan Raj College— <i>contd.</i>	Burdwan
Carmichael College . . .	Rangpur . . .	No very definite conditions of service have been laid down. Beyond what is implied in the names of various offices and employments, and the statement of remuneration offered, the resolutions and letters of appointment have said little or nothing by way of making precise rules; a general understanding has been thought sufficient.	Nothing laid down in the terms of appointment except in the case of the Principal, who accepted the position for three years, and was requested to extend it to four years. This latter point has been left to stand over.
Central College . . .	Calcutta . . .	Successful performance of duties entrusted in each case is attended with increments granted to monthly salaries from time to time.	Ordinarily, one month's previous notice is required to be given for a severance of connexion in respect of the 'instructional and administrative staffs' of the Institution. There has been no occasion, however, for taking an initiative in the connexion on the part of the management of the Institution and the duration of service in most cases, has been of many years' standing.
City College . . .	Calcutta . . .		
*Dacca Law College . . .	Dacca . . .		
Diocesan College for girls . . .	Calcutta . . .

	amounting to $\frac{1}{3}$ of the average monthly pay for the last 8 years, after 32 years' faithful service.		
	NOTE.—The Maharajahdiraja Bahadur of Burdwan may, however, grant to any officer or servant of the <i>Raj</i> , a special pension of three-fourths of his average pay, or even the full amount of his pay, after loyal and faithful service of 40 years and more.		
...	No arrangement for Provident Fund has yet been made. The question will come up for consideration.
No age limit has yet been fixed.	
...	Employees subscribe to the Provident Fund at the rate of one anna in the rupee, the college contributing at half the rate. Advances from the subscription of the employees on specified grounds are allowed. In recognition of past service the college has paid to the fund a sum of Rs. 5,500-0.
...	<p><i>Non-Pensionable.</i> Dr. Nares Chandra Sen Gupta, Vice-Principal. Babu Sarat Chandra Ghose, Senior Lecturer. Babu R. K. Doss, Lecturer.</p> <p><i>Pensionable.</i> Babu Sailendra Nath Datta, Clerk and Librarian.</p>	...	
...

ENT VII.

m-Government colleges.

Age of retirement.	Details of Pension Fund, if any.	Details of Superannuation Fund, if any.	Details of Provident Fund, if any.
...	<p>Details of the rules for the management of the Provident Fund are as follows:—</p> <p><i>Extract from the Proceedings of the Governing Body of the Edward College, Pabna, dated the 10th April, 1915.</i></p> <p>Resolved that the following rules be adopted for the management of the College Provident Fund:—</p> <p style="text-align: center;">PABNA EDWARD COLLEGE PROVIDENT FUND RULES.</p> <ol style="list-style-type: none"> In the following rules : <ol style="list-style-type: none"> 'Salary' means monthly salary or allowance drawn during leave, but does not include travelling or any other allowance. 'Servant' includes every employee holding a substantive appointment under the Pabna Edward College Governing Body, whose salary exceeds Rs. 15, provided that an officer officiating in an office which is vacant, or the permanent incumbent of which does not draw any part of the pay, may, if he is confirmed without interruption in his service, be allowed to join the Provident Fund with retrospective effect from the date of his joining the officiating service. The monthly subscriptions to the fund shall not in such a case be less than 10 per cent. on the salary of the officer till all arrear subscriptions are paid up. 'Depositor' means a servant on whose behalf a deposit is made under these rules. 'Interest' means the interest which is paid on a deposit at a Government Savings Bank under the rules in force for such Institutions. 'Due notice of resignation of appointment' means in all cases one month's notice. Every servant shall be required to subscribe at the rate of 6½ per cent, or one anna in the rupee, on his salary, to a Provident Fund, of which an account will be opened at the Post Office Savings Bank. This deduction shall be made by the Governing Body upon every salary bill presented and the net salary only shall be paid to the servant. In making this deduction fractions of a rupee of salary should be omitted. It shall be competent to the College Governing Body to contribute to the deposit account of each servant an amount not exceeding half the deduction made from his salary* under the preceding rule, provided that if the total of the contributions shown in the bill, on which a remittance is made to the Savings Bank, contains a fraction of an anna, it shall be increased to the next highest anna by an addition to the bill of the difference between this fraction and unity. These provisional increases in the contribution will be shown in the abstract of balances until adjusted at the close of the year (<i>See</i> rules 10 and 11 below), but they will not appear in the depositor's ledger accounts. The deductions under Rule 2 and the contribution under Rule 3 shall be paid to the Postmaster for credit to the account of the Provident Fund in the Savings Bank. The payment of the deduction shall be debited in the accounts to the same head as the salary, and the contributions shall be charged to the Establishment sub-head 'Provident Fund Contributions.' The remittances to the Savings Bank should, whenever possible, be made between the 1st and 4th of each month, in order that the interest may accrue for the month of deposit. It has been decided by the Postal authorities that deposits on account of Provident Fund of Local Fund employees are held to be made under Rule 41 (c) of the Savings Bank Rules and that the usual limitations of the total amount at credit of each account laid down in Rule 42(J) do not apply to them. When, however, the investment of any portion of the amount out of the balance at credit of the account is found desirable, the amount will, on application by the Governing Body, be withdrawn, and the investment made by the Postal authorities. The interest will be drawn by the Post Office and credited in the Savings Bank accounts. The actual cost of purchase of such securities will be added to the balance in the Savings Bank to obtain the total balance of the Provident Fund Ledger, any excess interest received over that shown in the ledger owing to the rate obtained on the investment being slightly higher than the Savings Bank rate should be drawn and credited as a "Miscellaneous Receipt" in the college accounts. No part of the contribution, excepting his own, will be available to the depositor before at least 3 (three) years' contributions have been made. The deposits and contributions, with interest thereon, at the credit of any servant, may be withdrawn:— <ol style="list-style-type: none"> On the decease of the depositor, when the amount shall be paid to his legal heirs; or On his ceasing to be a servant of the Pabna Edward College, by retirement, reduction of establishment or admission in the Government service, when the amount shall be credited to the servant himself. If a servant is dismissed, removed, or called upon to resign on account of misconduct or incapacity, or if he resigns without due notice, the Pabna Edward College Governing Body may withhold all or any part of the contribution allotted to him, with the interest accrued thereon and pay to the servant only the balance to his credit, without such contribution and the interest thereon. In the case of there being any outstandings against a servant who may have resigned, or been dismissed, the Pabna Edward College Governing Body may deduct the amount of such outstandings from his deposits, and pay him the balance after such deduction.

<p>Add—Temporary increase to contributions under Rule 3 and unadjusted at the close of the year under Rule 11.</p> <p>Deduct—Interest on accounts closed during the year under Rules 6 and 7.</p> <p>Total in Pass Book.</p> <p>[The add and deduct entries will not appear in the Column 'March (with interest)'].</p> <p>11. Calculation of interest due on each account shall be made at the rate of 3 (three) or 3½ per cent. per annum, as shown in Table I or Table II respectively, attached to the Post Office Savings Bank Rules, according as the deposits are at call or subject to six months' notice of withdrawal. Interest will be allowed for each calendar month on the lowest balance at credit of account between the closing of the fourth day and the end of the month.</p> <p>The yearly interest thus calculated shall be added to the principal in column 6 of the Provident Fund Ledgers. These balances shall then be posted in the column 'March (with interest)' of the abstract prescribed in Rule 10, and as soon after the 15th of June as the interest is added by the Post Office to the principal of the fund, the balance of the Pass-Book shall similarly be entered in this column of the abstract : Provided that when a servant dies or ceases to be a servant of the Pabna Edward College the calculation of interest due on his account, and the necessary addition to the principal in column 6 of his ledger</p>																																																																																																																	

Conditions of service of teaching staff in

Name of college.	Town in which the college is situated.	Conditions of service of the various classes of members of the teaching and administrative staffs (excluding menials).	Security of tenure.
Howard College— <i>contd.</i>	Pabna
Hindu Academy	Daulatpur	The majority of the members of the teaching staff are permanent members of the college. As to the rest they have not as yet expressed their readiness to stay permanently; it is hoped that many of them will be able to make up their minds in a short time and decide to stay permanently.	The college is a branch of a public trust and is under the supervision of a number of enlightened and public-spirited gentlemen and nothing is allowed to be done except in the interest of the work. It is managed by a College Council, three out of the four members of which come from the teaching staff. Occasions for dismissing any member of the staff have been very rare, and changes in the staff have, almost in every case, been due to voluntary resignation in the personal interest of the individual concerned.
Jagannath College	Dacca	Professors, Demonstrators, Librarian, and Clerks are appointed by the Governing Body of the college for a short period on probation in the first instance and then confirmed, if satisfactory. There is a graded scheme. Each member of the staff on being confirmed is included in the scheme detailed in the last column.
Krishna Chandra College	Hetampur

			<p>account will be made forthwith on receipt of an application from him or his heirs, as the case may be, for the amount due. The difference between the total of the ledger balances (including the adjustment at the foot of the abstract) and the balance of the funds shown in the Pass-books shall be withdrawn from the Savings Banks and be credited as a miscellaneous receipt. If, however, the difference contains a fraction of an anna, or, if the total difference is less than 4 annas, this fraction or sum shall be left in the Savings Bank for adjustment at the close of the following year. When the balances have been thus compared and adjusted the ledger account for the next year shall be opened, and a copy of his ledger for the past year, signed by the Principal of the college, shall be given to each depositor.</p> <p>12. No voluntary deposits from servants will be credited to the Provident Fund.</p> <p>13. On a depositor leaving the service his account shall be closed and, unless the amount at his credit be withdrawn within a certain period, viz., for balances of Rs. 100 and under, one year, for balances over Rs. 101, three years, it shall be written as a 'dead account' and repaid only under the orders of the Governing Body.</p> <p>14. When accounts become 'dead' they must be removed from the Provident Fund Ledger and be credited in the cash book as a miscellaneous receipt, the money being drawn out of the Savings Bank. On an amount being thus written off it should be entered in a 'dead account' register, in which subsequent repayments shall be noted to avoid a double payment.</p> <p>IV. Resolved that the Provident Scheme be given effect to from the 1st April, 1915, but the Governing Body's contribution to the fund under paragraph 3 of the foregoing rules, shall, for the present, be only one-quarter of the depositors' subscriptions, i.e., one pice per each rupee of salary.</p> <p>A deduction of one anna per rupee (fraction of a rupee being left out) is made from the pay and half-anna per rupee is contributed by the college. The whole amount is deposited in the Trust Fund of the college and interest is paid at the rate of 6 per cent per annum on the total amount accruing to one's account on the last date of previous year. No employee whose services are dispensed with or who resigns his post within five years from the date on which the first Provident Fund deduction is made from his pay is entitled to get the amount contributed by the college.</p> <p>There is a Provident Fund. The staff contribute 6½ per cent of their salaries; an equal amount is added from the college funds.</p>

Name of college.	Town in which the college is situated.	Conditions of service of the various classes of members of the teaching and administrative staffs (excluding menials).	Security of tenure.
Krishnath College . . .	Berhampore . . .	No particular conditions are required except that when leave is granted to a permanent incumbent on his accepting appointment elsewhere, it must not be for a period less than 5 years and that when a permanent incumbent resigns his appointment he must give one month's notice.	...
L. M. S. Institution*	Calcutta . . .		
Loreto House . . .	Calcutta . . .	The only condition is that the secular members of the teaching staff agree to give their services for a certain fixed salary. Usually they agree to give their services for a certain number of years. The Members of the Institute receive no salary.	There is no security beyond the agreement entered into by the secular teachers to give their services for a certain length of time.
Midnapore College . . .	Midnapore	Babu Jogendra Nath Hazra, Principal, cannot be dismissed except by Government order. Powers of appointment and dismissal of a member or members of the teaching staff, including the Principal, shall rest with the Governing Body, subject to the approval of the Commissioner of the Division of the Local Government, where the officer is drawing a monthly salary of Rs. 100 or more.
Ripon College . . .	Calcutta . . .	For the present there are no fixed conditions of service for any class of members of the teaching staff. Every man is appointed by the Governing Body, the Ripon College Council, under such conditions as the College Council may decide upon. Every appointment is considered on its own merits. In most cases the conditions are fixed as the result of negotiation between the council and the individual member. In cases of emergency appointments are made by the Secretary, College Council, in anticipation of, and subject to, the sanction of the council.	Security depends usually on the competence of the incumbent, the arbiter being the College Council, the University, and, in some cases, the Government of Bengal.
Ripon Law College . . .	Calcutta	Identical with the tenure of the Ripon College, subject to certain moral conditions such as pleasure of the Governing Council.

* The principal writes: "As this college is closing in March 1918, it seems hardly worth while saying anything"

List of publications of members of the teaching staff, 1913—1917—contd.

LIST OF PUBLICATIONS OF MEMBERS OF THE STAFF DURING THE FIVE YEARS 1913—1917 (INCLUSIVE).			
Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff.	Contributions to the advancement of learning or science other than text-books or annotated editions of texts, etc., with detailed references in the case of papers contributed to periodical publications.
Central College	Calcutta	Mr. H. W. B. Moreno	Several articles on early Armenian history in India published in the Calcutta Review.
		Mr. D. N. Dutta
		Mr. K. R. Bose
Chittagong College	Chittagong	Babu Surendranath Das Gupta	1. The study of Patanjali. (Griffith Prize, 1915.) 2. Paper on the Evolution Theories of Ancient India read at the Darjeeling Summer School Meeting and submitted to the University for the Griffith Prize, 1917. 3. Paninama on Evolution. Submitted to the Vice-Chancellor for transmission to America. 4. The Zoga Philosophy edited with introduction. Shortly to be submitted to the University. 5. Kamakolaritasa, a work on Tantra under the general editorship of Sir John Woodroffe. (Not yet out.) 6. Translated Shanda Prodetika, a work on Shaiva Philosophy. (To be published.) 7. Tattwakatha, a philosophical work in Bengali. 8. Nivadan, a book of poems. 9. Articles on King of the Dark Chamber, Post Office, Browning, Bergson, Life of Rabindranath published in the Modern Review; Phalguni Sikhar Adarsa and Sankhya Yoga Daršana published in Pravasi; Abinashar Diary published in Sabuj Patra;
		
			1. England in the Victorian Age. 2. Elizabethan Age. By N. N. Dutt and D. N. Dutt. 3. Outlines of Modern Europe. The Student's Manual of Deductive Logic: Theory and Practice. (Out of print.) The Student's Companion to Sully's Psychology. (Out of print.)

Text-books.

Annotated editions of texts, etc.

Sohrab and Rustum.

in Upasana.
Numerous other papers and articles ready for publication.

Babu Akshaykumar Sarkar

1. A series of articles on Indian Economics published in the *Shahitya Sanhita*, *Shahitya Sangbad*, *Bharatbarsha*, etc.
2. Two Bengali novels : (a) *Jiban Sangram* published serially in *Shahitya Sanhita*; and (b) *Adristalipi* in *Prajapati*.
3. A critical essay on the Present day Bengali Fiction.—*Shahitya Sanbad*.
4. Indian Commerce.—*Ibid*.
5. The Middle Ages in European History.—*Chittagong College Magazine*.
6. Professions.—*Ibid*.

Babu Gopal Chandra Bhattacharjee.

On Pessimism in European Literature and its influence on Bengali Literature.—*The Shahitya Sanhita*.

Babu Siva Prasad Bhattacharjee

Papers on the Sanskrit drama, the *Vaishnava Literature* in Bengal, the *Epics of Ancient India*, *Medieval Bengal*, etc., published in *Pratiya*, *Shahitya*, *Manashi*, *Pantha*, *Naibedyā* and *Bharatbarsha*.

Sanskrit Sikkha II (a book for use in High Schools).

Rev. U. Dhanumanansa

1. *Kuddakapatha* and *Dhammekka-pavattana Satta*. Bengali translation).
2. *Dhammapala Atthakatha* (translation).—*Chittagong College Magazine*.

Maulvi Abdul Latif

1. A series of articles on Arabic Philosophy and an article on Eastern and Western Civilisation and Learning published in the *Journal of the Moslem Institute*, Calcutta.
2. A series of articles on Sufism or the Spiritual side of Islam published in the *Chittagong College Magazine*, etc.
3. A series of Articles on the Principles of Islam, on the Life of Mahomed, and Life of Mirza Gholam Ahmad published in the *Chittagong College Magazine*.

1. Arabic Primer, a text-book for Class VII of High Schools in Bengal.
2. Elementary Arabic Grammar, a text-book for upper four classes of High English Schools.

List of publications of members of the teaching staff, 1913—1917—contd.

LIST OF PUBLICATIONS OF MEMBERS OF THE STAFF DURING THE FIVE YEARS: 1913—1917 (INCLUSIVE).					
Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff.	Contributions to the advancement of learning or science other than text-books or annotated editions of texts, etc., with detailed references in the case of papers contributed to periodical publications.	Text-books.	Annotated editions of texts, etc.
City College	Calcutta	Mr. Heramba Chandra Maitra	Mr. Maitra writes:— Several addresses on religious and literary subjects, including addresses on Wordsworth, Seer and Artist, and Carlyle were given by me during these five years; but I regret I have not been able to publish any of them as yet. Only a short paper on how to be profitably idle was published in The Modern Review for August 1913. An address on The hope of immortality was given at the Senate House. It has not been published.
		Mr. Kaliprasanno Chatterjee	1. Algebra, Parts I and II. 2. Arithmetic. 3. Patigonit (Bengali).
		Mr. Rajani Kanta Guha	1. Marcus Aurelius. Translation of—into Bengali from the original Greek. 2. Translation of the following Dialogues of Plato into Bengali from the original Greek:— (i) Euthyphro. (ii) The Apology. (iii) Crito. (iv) Phaedo. The interaction of hydrazines and hydroxamines with ferricyanides and new methods of estimating hydrazines and ferricyanides.— <i>Zeitschrift für anorganische Chemie</i> of Berlin in 1912. The paper was later on summarised in the annual reports of the London Chemical Society.
		Mr. P. K. Roy	
		Mr. Phani Bhusan Chatterjee		1. Principles of Ethics. 2. Outlines of General Philosophy. (Two parts of this book have been published.)

Mr. D. N. Mallik.

- field, communicated to the second and third All-India Science Congresses 1915 and 1916.—Philosophical Magazine, London, July 1916.
2. High vacuum spectra of gases, communicated to the All-India Science Congress, 1916.—Philosophical Magazine, London, March 1917.
3. On certain types of Electric discharges, communicated to the All-India Science Congress, 1917, and in press for publication in the Philosophical Magazine.
4. Rotatory discharge in Hydrogen, communicated to the All-India Science Congress, 1915.

Mr. Dharendra Nath Mukerjee.

Elements of Inorganic Chemistry.

Mr. Upendra Nath Vidyabhusan.

1. A series of articles on a few thoughts on Kalidasa.—Collegian.
2. Some aspects of life and writings of Banabhatta.—Quarterly Review.
3. Bhavabhuti and his place in Sanskrit Literature.—Sanskrit Chandrika.
4. A paper on origin of the caste system in India, read before the Students' Association at Porojpur.
5. Marriage of Hindu girls—whether before or after puberty according to the ancient Hindu Sastras (a pamphlet).
6. History of the genesis and development of dramatic literature in ancient India.—Quarterly Review.
1. Sanskrit Pathamala, Parts I and II.
2. Sarala Panchatantra, Matriculation course in Sanskrit for the Allahabad University, 1916, 1917 and 1918.
3. Ballala Bhojprabandha with a long introduction in English discussing the time of King Bhoja of Dhorain.
4. Vishnusarma's Panchatantra with a long introduction in English.
5. Beginner's Sanskrit grammar and composition: how to teach Sanskrit according to the modern scientific method.

Mr. Satyendra Nath Sen, Vidyabagish.

Presidential address in Sanskrit on Sanskrit Literature and its Critics, delivered at the 6th Saraswati Sammilan (Literary Conference), held at Gurukul.

Joint Editor of:—

- (i) Manusamhita, Chapters I and II (B. A. Course).
- (ii) Kunnara-Sambhavam, Cantos I and II (I.A. Course).
- (iii) Sisupala-Vadham, Canto I.—Only two parts of this book have been published.

List of publications of the teaching staff, 1913—1917—contd.

LIST OF PUBLICATIONS OF MEMBERS OF THE STAFF DURING THE FIVE YEARS 1913—1917 (INCLUSIVE).					
Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff.	Contributions to the advancement of learning or science other than text-books or annotated editions of texts, etc., with detailed references in the case of papers contributed to periodical publications.	Text-books.	Annotated editions of texts, etc.
Civil Engineering College.	Sibpur .	Mr. E. H. Robertson .	A paper on the commentation process of shaft-sinking read before the Mining and Geological Institute of India, November 1916.
		Mr. R. N. Sen	Sulphide colours.—Journal of the Society of Dyers and Colourists (England), October 1916.
		Mr. R. C. Goffin	The Life and Poems of William Cartwright, M. A. thesis, London. Cambridge University Press.
Cotton College .	Gauhati .	Babu Asutosh Chatterji . .	1. বঙ্গভাষায় সংস্কৃত ছন্দ সংস্কৃত metres in Bengali Verse).—Prabasi, B. S. 1320 Baishak (1913).	English Rhetoric and Composition 1917.
		2. ছন্দরূপ (on Sanskrit Metres in Bengali Verse).—Dacca Review, Vol. IV, Nos. 5 and 6, August and September 1914.
		3. মুসলমান কবি আলফারান (The Muslim poet Alovál).—Dacca Review, Vol. VII, Nos. 7 and 8, October and November 1917.
		Babu Bhuban Mohon Sen .	1. আমেরিকার প্রভাৱত্ব (The American Democracy—its merits and drawbacks).—Prabasi.
		2. One phase of English party politics.—Collegian.
		3. ইংল্যান্ডের উপনিবেশ শাসন প্রণালী (Evolution of British Colonial policy).—ভূগোল.
		Babu Suresh Chandra Dutta .	1. Self-sacrifice.—Hibbert Journal, July 1914
		2. The Libertarianism of Bergson.—Collegian.
		3. ভারতীয় দর্শন নীতিবিজ্ঞান.—দ্যাক্স।
		Mr. D. E. Roberts .	The effect of temperature and magnetisation on the resistance of graphite.—Philosophical

Magazine, London, 26, 1913, pages 155-176.

Babu Surendra Nath Chatterji.

Articles on—

অক্ষ ও পরমাণু, জড়ের মূল উপাদান, etc., published in নব্য ভারত। দ্বিতীয় প্রকাশিত in বিজ্ঞান, “ভাপ” in প্রতিভা, “গতি ও বস” in মানসী, “বনের বিবিধ মৃতি” in বিজ্ঞান, etc.

A Text Book of Physics for Beginners 1914.

Babu Padmanath Bhattacharyya.

I. Archaeological:—

1. Deciphering and interpreting copper plate inscriptions (in original).

(1) Nidhanpur copper plates of Bhāskara-varman—

(a) Epigraphia Indica, Vol. XII, No. 13, 1914.

(The above article was in English; there were other articles on it in Bengali, one of which was translated into Assamese.)

(b) A note on the above was published in Indian Antiquary, Bombay, May 1914.

(2) Copperplate grants of Dharmapala (in Bengali) jointly with another person, Rangpur Sahitya Parishat Patrika—Vol. X, No. 2, 1915.

2. Revision and criticism on copperplate inscriptions already published in the Journal of the Asiatic Society of Bengal.

Relate to ancient Kanarupa and were published in Bengali in the Rangpur Sahitya Parishat Patrika in the volumes noted against each.

(1) Indrapala's copper-plate grant, Vol. VII, Nos. 3-4, 1913.

(2) Vanamāla's copper-plate grants Vol. IX, No. 1, 1914.

(3) Ratnapāla's two copper-plate grants, Vol. X, No. 1, 1915.

(That of Balavarman was similarly reviewed in the Bangiya Sahitya Parishat Patrika, Vol. XVII, No. 2, 1910.)

II. Research tours and excursions:—

1. Assam Bhraman (Travels in Assam) Article No. 3—on Silsagar and Jorhat (including Rangpur and Garhgaon).—Bangiya Sahitya Parishat Patrika, Vol. XX, No. 1, 1913.

List of publications of the teaching staff, 1913—1917—contd.

Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff.	LIST OF PUBLICATIONS OF MEMBERS OF THE STAFF DURING THE FIVE YEARS 1913—1917 (INCLUSIVE).		
			Contributions to the advancement of learning or science other than text-books or annotated editions of texts, etc., with detailed references in the case of papers contributed to periodical publications.	Text-books.	Annotated editions of texts, etc.
Cotton College—contd.	Gauhati	Babu Padmanath Bhattacharyya	<p>The first two articles of the series appeared in the same journal in 1910 and 1911 which related to the Tezpur antiquities and the ruins at Dimapur, and Maibong (the Kachari capitals, respectively).</p> <p>2. Pilgrimage to Parasurám Kunda, being an account of an excursion beyond the Inner lines to a spot usually known as Brahmankund.—Monthly Review, Travancore, November 1913 and July 1914. (An article on the above in the vernacular was published with illustrations in the Rangpur Parishat Patrika in 1911.)</p> <p>3. Manipur Paribraman (Travels in Manipur), an illustrated article in Bengali.—Bharatavarsha, Vol. V, Part I, Nos. 2, 3 and 4.</p> <p>III. Historical, biographical and legendary :—</p> <p>1. Kámarúpa Rájamálá, a chronological list of the whilom kings of Assam.—Bangiya Sahitya Parishat Patrika, Vol. XX, No. 3, 1913.</p> <p>2. Gosain and Bhakat or Life of the late Adhikar of the Auniati Satra and one of his disciples.—Pratibha, Vol. III, No. 2, 1913.</p> <p>3. Arundhati (wife of Vashishtha), an illustrated article on Sandhyachala (known as Vasisthasram).—Manasi, Vol. V, No. 4, 1913.</p> <p>4. Ahom Akbar Rudrasinha.—Pratibha, Vol. IV, No. 9, 1914.</p> <p>5. Devotion of an Ahom Princess (Jayamati, wife of Gadadhar Sinha).—East and West, April 1914.</p> <p>6. Ahom Rajar Bangali Guru (Krishnaram Bhattacharyya, Guru of Rudra Sinha).—Pratibha, Vol. VI, No. 3, 1916.</p>

IV. Miscellaneous :—

1. Mahápurushya Sect of Vaishnavas in Assam.—Hindu Review, June 1913.
(An illustrated article in Bengali on the above appeared in the Dacca Review, June 1911.)
2. Bangalá Type-writer (A suggested design for a typewriting machine for Bengali writing).—Bharatavarsha, Vol. II, part II, No. 3, 1915.
3. Śrībatter Pravachan Sangraha (a collection of more than a thousand proverbs of the district of Sylhet).—Śrībhūmi, Vol. I, No. 11, 1916 (only the Foreward was published, the magazine becoming extinct soon after).
4. Ásámer Patra Patriká—An account of the newspapers and magazines in the Assam Valley and the Hill Districts.—Sáhitya Parishat Patrika, Vol. XXIV, No. 2, 1917.

Babu Lakshminarain Chatterji.

Origin and Development of Sanskrit Drama with a note on the generic connexion between Greek and Sanskrit Drama—based on Bharata's Nāṭyaśāstra, an ancient work on dramaturgy.—Pravasi.

Dr. B. N. Ghosh . . .

Published in the Transactions of the Chemical Society of London in the years noted against each.

1. The interaction of Naphthosulphonium quinone and substances containing the Thiol group—1914.
2. Di-Naptha thiononium Salts—1914.
- 3 to 5. Syntheses of Benzo-v-pyrones and Flavones, Parts I, II and III—1915.
6. Syntheses of Naphthopyranes—1915.
7. Nitro derivatives of Di-Napthathioxium—1915.
8. Condensation of Aromatic hydroxyaldehydes with Diketohydrindene—1915.
9. The influence of constitution on the basic property of Oxygen—1915.
10. Syntheses of derivatives of 3 oxy—(1) Thionaphthene—1915.
11. A Synthesis of Flavone (Thesis for the D. Sc., London)—1916.
12. Syntheses of Ketindopyranes—1916.
13. Syntheses of Pyranole derivatives.

List of publications of the teaching staff, 1913—1917—contd.

LIST OF PUBLICATIONS OF MEMBERS OF THE STAFF DURING THE FIVE YEARS 1913—1917 (INCLUSIVE).			
Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff.	Contributions to the advancement of learning or science other than text-books or annotated editions of texts, etc., with detailed references in the case of papers contributed to periodical publications.
Cotton College— <i>concl'd.</i>	Gauhati	Dr. B. N. Ghosh— <i>cont'd.</i>	14. Diketoxy drindene. Read before the Indian Science Congress, 1918, and published by the Asiatic Society, Bengal.
		Babu Sarat Chandra Chatterji	1. Detection of Lactic and Glycollic Acid and a suggestion about the constitution of Morphine. Read before the Indian Science Congress, Bangalore, 1917.—Journal and Proceedings of the Asiatic Society of Bengal, New Series, Vol. XIII, 1917. 2. The sodium bisulphite test for Formic Acid and the reduction of the Aliphatic Acids to their Aldihydes. Read before the Indian Science Congress, Bangalore, 1917.—Journal and Proceedings of the Asiatic Society, Bengal, No. 2, New Series, July 1917. 3. Syntheses of Pyranole derivatives. Read before the Indian Science Congress, Lahore, 1918, and published in the Transactions of the Chemical Society, London.
		Babu Annada Kishore Das	Diketoxy drindene III. Read before the Indian Science Congress, 1917-18, and published in their proceedings.
		Babu Tarakeswar Bhattacharji	1. Universal observer, an Astronomical instrument. 2. Rasa Kadamba, ancient Bengali manuscript. 3. Padavali of Tarunraman, ancient Bengali manuscript. 4. Works of Bhavani Das, ancient Bengali manuscript. 5. A new optical method for determining capillary angle of contact, etc.
		Mr. Arthur Brown	See under Earle Law Corey, Page 18.
Dacca College	Dacca	Mr. F. C. Turner
			Intermediate Mechanics. By F. C. Turner and J. M. Bose.
		
			Stars in the Northern Tropics. Recommended by the Calcutta University for its B. A. and B. Sc. courses in Mathematics.
		
			Organic detection—a pamphlet for the B. Sc. Students (1915) containing some of my original experiments.
		
			Text-books.
		
			Annotated editions of texts, etc.

Mr. B. K. Singh

- I. Studies in Substituted quaternary Azonium compounds containing an Asymmetric Nitrogen Atom, Part I. Resolution of Phenylmethyl ethyl azonium iodide into optically active components.—Transactions of Chemical Society, London, 1913, 103, 604—613.
- II. Studies in Substituted quaternary Azonium compounds containing an Asymmetric Nitrogen Atom, Part II. Resolution of Phenylbenzyl Methylazonium iodide into optically active components.—*Ibid.*, 1914, 106, 1972—87.
- III. The valency of two directly linked Nitrogen Atoms, Part I.—*Ibid.*, 1916, 109, 780—91.
- IV. Studies in Substituted quaternary Azonium compounds containing an Asymmetric Nitrogen Atom, Part III: Relation between optical activity and chemical constitution. Read before the Indian Science Congress at Lahore, January 1918; abstract in the reports of the Congress, to be submitted to the Chemical Society.

Mr. W. A. Jenkins

1. New methods of determining Horizontal Intensity of Earthmagnetic Field.—Philosophical Magazine, October 1912. Summary in publication of Research work of Carnegie Institute, Washington.
2. Resistance of a nickel wire in Longitudinal and transverse Magnetic fields.—Philosophical Magazine, June 1913.
3. Alternation in the length of nickel bar in a Magnetic field.—Sheffield Physical Society, 1912.
4. Ionisation of the Atmosphere.—Cavendish Physical Society, November 1913.

Rai B. N. Das, Bahadur

On the constituents of the atmosphere—Calcutta University Magazine (3 articles).

Babu Haridas Saha and Babu Kumud Nath Chaudhuri.

1. Action of Ammonia on Mercurous Carbonate and Sulphate.—Zeitschrift Anorganische Chemie, 1914.
2. Constitution of Infusible white precipitate.—*Ibid.*, 1914.

A Course of Practical Chemistry for Intermediate Students. Recommended as a text-book for the Intermediate students of the Calcutta University.

List of publications of the teaching staff, 1913—1917—contd.

LIST OF PUBLICATIONS OF MEMBERS OF THE STAFF DURING THE FIVE YEARS 1913—1917 (INCLUSIVE).				
Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff.	Contributions to the advancement of learning or science other than text-books or annotated editions of texts, etc., with detailed references in the case of papers contributed to periodical publications.	Test-books.
Dacca College— <i>contd</i>	Dacca	Babu Satis Chandra Ganguli	1. Chemical Examination of the Butterfat of the Indian buffalo.—Journal of the Asiatic Society of Bengal, Vol. V [N. S.], No. 3. 2. Constitution of the Dyeing principle of Mehdi (Hena) leaves. Forwarded for publication in the Journal of the Chemical Society.
		Babu Satis Chandra Dey	A comparison between European and Indian Rhetoric. Read at the Krishnagar College and portions of it published in Krishnagar College Magazine.
		Mr. T. T. Williams	1. Prices, Rate of Discount and the price of Consols.—Journal of Royal Statistical Society, March 1912. 2. Fluctuations in the prices of Securities.—Bengal Economic Journal, September 1916. 3. Note on two forms of Index number.—Bengal Economic Journal, April 1916.
		Mr. S. C. Basu	A number of papers on commercial crisis of the period 1873-1893, published in the Modern Review between 1910 and 1913.
		Babu Satyendra Nath Bhadra	Editor, Dacca Review
		Babu Devendra Kumar Banerjee	Bāngalā Bhāśāya Svāra. Read before the Bangya Sahitya Parishad, Dacca, and published in its Pratibha. It deals with accents in the Bengali Language with special reference to the aphorisms of Panini on accents, a subject which has scarcely attracted the notice of scholars. It is pointed out that, as in Sanskrit, there are three kinds of accents in Bengali, <i>viz.</i> , Acute, Grave and Circumflex and that, as in English, difference of accents makes difference of meaning and parts of speech
			1. Panini Parisistham which is a supplement to my edition of Panini with my own original commentary called the <i>Próbha</i> in Sanskrit and which has been adopted by the University of Calcutta as a book of reference for the I.A. Examination. City Library, Dacca.

		
		2. A Kanini Primer.—Adopted by the University of Calcutta as a book of reference for the B.A. examination. City Library, Dacca.	
		3. A Vayakaran Primer in Bengali, intended for the use of teachers. City Library, Dacca.	
Babu Akshoy Kumar Datta Gupta.	Durga Pujah. (Drawing attention to the domestic aspects of Hindu religious ideas.) Dacca Review, Puja number, in Bengali, 1914. Certain other articles in Bengali dealing with such subjects as the Story of the Bhagabat Puran, Spiritualism, Nietzsche and the Modern German Cult of Force, etc., published in the Dacca Review and Pratibha.	1. Suniti Saram Library, Dacca. 2. Four Bengali Readers (Nava Sandarbha, Lalit Sandarbha, Kurnaniya Katha, Komal Katha for Secondary Schools). Also a small book (not a textbook) containing in simple Bengali the story of Sakuntala which has been approved as a Library and Prize Book. 3. A book of typical selection from Modern Bengali Prose with introductory remarks and critical, biographical and explanatory notes.
Babu Abinas Chandra Mazumdar.	Following articles in Bengali were published in the Pratibha :— 1. Recent English Drama. 2. Icelandic Sagas. 3. August Strindberg. 4. Husband and wife or Comrades (comparison Strindberg and Ibsen). Reprints of the last three.	
Babu Monmoth Nath Moskhersia.	Henri Bergson.—Pratibha
Dr. Nares Chandra Sen Gupta	A Thesis on Society and Sources of Law in Ancient India.	
Mr. R. K. Doss	Law of Lunacy in British India
Dacca Law College		

List of publications of the teaching staff, 1913—1917—contd.

L. M. S. Institution	Calcutta	
		Outlines of Moral Philosophy.
		1. Elementary Mechanics. 2. Elementary Arithmetic. 3. Intermediate Physics in two volumes— (i) Suvankar rules. (ii) Mental Arithmetic.
		Elements of Physics for I.A. and I.Sc. students.
		Edited Hall and Stevens' Arithmetic for Indian Schools.

List of publications of the teaching staff, 1913-1917—contd.

LIST OF PUBLICATIONS OF MEMBERS OF THE STAFF DURING THE FIVE YEARS 1913-1917 (INCLUSIVE).					
Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff.	Contributions to the advancement of learning or science other than text-books or annotated editions of texts, etc., with detailed references in the case of papers contributed to periodical publications.	Text books.	Annotated editions of texts, etc.
Loreto House	Calcutta	None beyond the essays contributed to the School Magazine, Palm Leaves.
Medical College of Bengal (Calcutta Medical College).	Calcutta	Lieutenant-Colonel J. T. Calvert. Lieutenant-Colonel B. H. Deare.	Papers on elephantiasis-nillages.—Indian Medical Gazette, Calcutta. Two New Editions of Dr. Ghose's <i>Materia Medica and Pharmacology</i> . By Lieut.-Col. B. H. Deare and Dr. B. N. Ghosh.
		Lieutenant-Colonel F. P. Maynard.	1. A useful modification in extirpation of the lacrimal sac.— <i>Ophthalmic Review</i> , London, Vol. XXIII, 1914, page 47. 2. A new method of dressing eyes after cataract extraction.—Indian Medical Gazette, Vol. LI, page 127 of 1916. 3. The New Calcutta Eye Hospital.— <i>Ibid</i> , Vol. LII, page 225. 4. Intra Ocular Hemorrhage after operation for Glaucomatous Cataract Recovery with useful sight.
		Lieutenant-Colonel Sir Leonard Rogers.	1. Four papers on Dysentery and Liver abscess. 2. Five papers on Cholera. 3. Nine papers on Kala-azar. 4. Four papers on Leprosy. 5. Three papers on Malaria. 6. Four other papers on Bacteriological subjects. 7. One paper on sprue. The journals in which the above papers appeared include the British Medical Journal, Lancet, Indian Medical Gazette, Indian Journal of Medical Research, Journal of the Asiatic Society of Bengal, The Practitioner and the

8. Articles on tropical diseases for Cassell's Cyclopædia of Medicine for practitioners.
9. Articles on tropical diseases for the Index of Prognosis.
10. On Dysenteries. Oxford medical publications, 1913.

Major D. McCay

1. The Protein element in Nutrition. International Monograph Series Leonard Hill & Co., Bullock. (The material was collected during three or four years' work on the food stuffs of India and their absorption experiments on prisoners.)
2. Papers.—Indian Medical Gazette.
3. Observation on the sugar of the blood and sugar in the urine in varying conditions of health in the Bengali.—Indian Journal of Medical Research, 1916.

Rai Chuni Lal Bose Bahadur

1. Personal Hygiene (in Bengali), 1913.
2. Health of Indian Students, 1913.
3. Prevention of small-pox, 1915.
4. Village sanitation (in Bengali), 1916.
5. Two cases of poisoning by white lead.—Calcutta Medical Journal, February 1916.
6. Food (in Bengali), 3rd Edition, 1917.
7. A few practical suggestions to improve the dietary of the Bengalis, 1917.
8. An address on the Temperance Movement in India, 1917.
9. Physical effects of some intoxicating drugs.—Calcutta Medical Journal, December 1915.

Dr. Ekendra Nath Ghosh

1. On the Anatomy of Atopos (Podangia) Sanguinobuta Stol. M. S.—Records of the Indian Museum, 1913.
2. On the nervous system of Ampullaria Globosa.—*Ibid.*, 1912.
3. Mollusca I Rathouiscidue, Zoological result of the Abor expedition.—*Ibid.*
4. On the anatomy of a Burmese Slug of the genus Atopos. (Essay for Griffith's Memorial prize.)—*Ibid.*
5. On the Internal Anatomy of the Blind Prawn of Galice.—Journal of Proceedings of Asiatic Society of Bengal.
6. On the Reproductive system of Atopos Simioth.—*Ibid.*

A Treatise on Elementary Physics and Chemistry in Bengali. Fifth Edition, 1913.

A guide to the dissection of vertebrates.

List of publications of the teaching staff, 1913—1917—contd.

LIST OF PUBLICATIONS OF MEMBERS OF THE STAFF DURING THE FIVE YEARS 1913—1917 (EXCLUSIVE).				
Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff.	Contributions of the advancement of learning or science other than text-books or annotated editions of texts, etc., with detailed references in the case of papers contributed to periodical publications.	Text-books.
Medical College of Bengal (Calcutta Medical College)— <i>contd.</i>	Calcutta	Dr. Ekendra Nath Ghose— <i>contd.</i>	7. On the Anatomy of Solen Memoirs of the Indian Museum. 8. Blood pressure in Tuberculosis (Thesis for M. D. Examination). 9. On an easy method of studying Kaiyokinino in plants.—Bangiya Saitya Parisat Patrika. 10. Botanical Scientific terms with Bengali equivalents.— <i>Ibid.</i> 11. Certain Ayurvedic terms with their English Synonyms.— <i>Ibid.</i> 12. On Hydra of Bengal.—Devalaya.	
		Rai Gopalchander Chatterjee Bahadur.	1. On the Biology of Black Mysotoma.—Indian Medical Gazette, 1911. 2. On a Macrostoma found in human intestinal contents.— <i>Ibid.</i> , April 1915. 3. On a few flagellates Trichomonas (N. Sp.) parasites in man.— <i>Ibid.</i> , January 1915. 4. On a culturable free living Flagellates and determination thereon.—Indian Journal of Medical Research, 1914. 5. On a Trichomastix (N. Sp.) found in human intestinal contents.— <i>Ibid.</i> , 1917. 6. On a free living Amoebea (N. Sp.)—The Journal of Association for the Cultivation of Science, 1916. 7. Studies in Tuberculosis in Bengal.—Calcutta Medical Journal, 1916.
		Dr. Charu Chandra Basu	Bacterial infections of the urinary tract from the standpoint of vaccine Theraps.— <i>Ibid.</i> , May 1917.
		Dr. Jitendra Nath Maitra	Oral Sepsis.— <i>Ibid.</i> , Aug. 1916.
		Rai Satis Chandra Banerjee Bahadur.	Notes on Experimental Physiology, 1915.
		Dr. Madan Mohan Dutt .	A paper on Relative excretion of different salts

Notes on Experimental Physiology, 1915.

Dr. Beni Madhab Chakrabarti.	1. A paper on the treatment of Diabetes by Liver Extract. Read at the Calcutta Medical Club and published in the Calcutta Medical Journal, 1913. 2. Work on Indian food-stuffs in connexion with Darbhanga Research Scholarship, 1915. (Calcutta University thesis.) Papers on Anomalous cases of arsenic poisoning and on treatment of opium poisoning.— Calcutta Medical Journal.	A short treatise on Malaria and other diseases, 3rd Edition, 1913.
Dr. C. A. Bentley	1. Examination of the Arool Bhil Scheme in the light of the census figures. 2. Hills and Malaria. 3. Rivers and Malaria. The above three were prepared as notes to the Bengal Province Malaria Committee. 4. Covering by water or flooding as an anti-malarial measure. 5. Note on an investigation with the sale of quinine in Bengal. 6. Sub-soil drainage and Malaria. 7. Jungle cutting and Malaria. 8. Report on Malaria in Manikgunge. 9. Report on Malaria in Bengal. Papers read before the Madras Sanitary Conference. Proceedings published 1913. 10. Vital Statistics, Bengal. 11. A new conception regarding malaria. 12. Some problems presented by malaria in Bengal. 13. Quinine propaganda. The above four papers were read before Lucknow Sanitary Conference. Proceedings published 1914. 14. Notes on some points of interest regarding Vital Statistics. 15. Some simple methods of testing the registration of vital occurrences in India. 16. A suggestion regarding anti-malarial sanitation specially adopted for Bengal.
Midnapore College	Babu Jitesh Chandra Guha	1. English Humourists. 2. Quentin Durward.

List of publications of the teaching staff, 1913—1917—contd.

LIST OF PUBLICATIONS OF MEMBERS OF THE STAFF DURING THE FIVE YEARS 1913—1917 (INCLUSIVE).					
Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff.	Contributions to the advancement of learning or science other than text-books or annotated editions of texts, etc., with detailed references in the case of papers contributed to periodical publications.	Text-books.	Annotated editions of texts, etc.
Midnapur colld.	Midnapur	Babu Sarat Chandra Janah	1. Determination of mol. wt. of ammonium nitrate under reduced pressure.—Journal of London Chemical Society. 2. Bailing point curve of ethyl iodide and ethyl alcohol.—Journal of American Chemical Society. 3. A compound of acetoacetic ester with mercuric oxide.—Journal of Bengal Asiatic Society.	
		Babu Jnanendra Chandra Chatterjee.	Chanakya Sloke and life of Bidyasagar.
Turari Chand College	Sylhet	Mr. A. C. Datta	1. The University Life, a lecture delivered at the Northbrooke Society, Dacca—Dacca Review. 2. Jyotish Darpan, an elementary treatise in Bengali on Astronomy.
		Babu Nalini Mohan Mukherjee, Shastri.	1. Sukhapodesham, a Sanskrit Primer. 2. Bangala Sahitya Parichaya (or on the way of Bengali Literature).
		Babu Kishori Mohan Gupta	A Thesis dealing with the Economic History of Ancient India from the Earliest Times down to the Muhammadan conquest (coming out in parts, Part I of which has been submitted to the Calcutta University for Premchand Roychand Studentship).
		Babu Sita Nath Pradhan	Jnanodaya (in Bengali).
residency College	Calcutta	Mr. J. W. Holme	1. Anoto and Spenser, a Renaissance Study (Thesis for B.A. Honours, Liverpool University 1907)	As you like it (Arden Shakespeare).

Language Review, 1910.
 3. Italian Ideals of Culture in England.
 4. The Elizabethan voyages in English Literature.
 —Calcutta Review.

Mr. P. Mukerjee

1. The Co-operative Movement in India.
2. Indian Constitutional Documents (1600-1918).
Nos. 3-8 were published in the Bengal Co-operative Journal (1914-1917).
3. The Co-operative Movement in India.
4. Dharmagolas or Co-operative Grain Banks in Bengal.
5. The Oxford University Co-operative Society.
6. State Aid to Industries.—Indian Journal of Economics.
7. Management of Indian Railways.—Indian Review.
8. Treitschke and the Great War.—Presidency College Magazine.
9. Editor, Indian citizen series.
10. Assistant Editor, Bengal Co-operative Journal.

Mr. J. N. Das Gupta

1. Bengal in the 16th Century A.D.—A course of lectures based mainly on materials derived from 16th Century Bengali Literature, Ain-i-akbari, etc. Calcutta University.
2. India in the 17th Century A.D.—A course of lectures based mainly on materials derived from the accounts of the 17th Century European Travellers in India. Calcutta University.
3. Documents and extracts illustrative of the British Period of Indian History, mainly constitutional. Calcutta University.
4. Documents and extracts illustrative of English Constitutional History.
5. Megasthenes and Arrian.
6. An 18th Century Bengali Manuscript, a Critical Lecture on a Bengali Epic Poem.—Calcutta Review.
7. The Study of History in Indian Schools, written for the Government of Bengal and included in the Senior Teachers' Manual. (Published by Government and translated into various vernaculars.)
8. A Plea for an Economic Interpretation of the Jatakas.—Calcutta Review.

List of publications of the teaching staff, 1913-1917—contd.

Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff. List of publications of members of the teaching staff, 1913-1917—contd.

Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff.	Contributions to the advancement of learning or science other than text-books or annotated editions of texts, etc., with detailed references in the case of papers contributed to periodical publications.	Text-books.	Annotated editions of texts, etc.
University Post-graduate Teaching in Arts— <i>concl'd.</i>	Calcutta	Dr. Harendrakumar Mookerjee	<ol style="list-style-type: none"> 1. Nature in the Poetry of Milton. 2. The Comedies of Ben Jonson—a study of the development of Ben Jonson's Comic Genius. 3. Love and Marriage in George Meredith. 4. D. G. Rossette—Poet and Painter. 5. Nature in Cowper's Task. 6. The Minor Characters of Shakespeare. 7. The Authorship of the Shakespearean Plays. 8. Jerome and Kennedy as Writers of Religious Drama. 9. The Supernatural in Scott. 10. The Beginnings of English Prose Fiction. 11. Influence of Keats on the English Poetry of the XIX Century. 12. The Critical Theories of Dr. Johnson. 13. Shakespeare and Ibsen as Masters of Dramatic Technique. 	<p>.....</p> <p>.....</p> <ol style="list-style-type: none"> 1. Sitar Vanabas. 2. Balibadh. 3. On Vaishnavism of the Chaitanya Period. 4. On the Characteristics of the Bengali Language. 5. Bhababhutir Bibhuti. 6. Kautilya's Arthasastra. 	<p>.....</p> <p>.....</p> <p>.....</p> <p>.....</p> <p>.....</p>
		Babu Bhagabatkumar Sastri		
		Babu Hariprasanna Banerjee	<ol style="list-style-type: none"> 1. On a generalised force-femelon of Painlevé's type. 2. On the application of the theory of Functions to a problem in Dynamics. 		
		Babu Surendranath Majumdar	<ol style="list-style-type: none"> 1. Bhaktikavya 2. Notes on Kasika. 3. Cavalry in Vedic Age. 		
		Babu Surendrachandra Sen	A Thesis on the Administrative System of Peshwas.		

1. On the presence of a rigid and fixed spherical obstacle.—Bulletin of the Calcutta Mathematical Society, Vol. IV, October 1915.
2. On Electro Magnetic waves due to Electrical Oscillations on the surface of a thin spherical shell in the presence of a non-concentric conducting sphere.—*Ibid*, Vol. V, March 1916.
3. On Aerial waves generated by impact.—Philosophical Magazine of London, Dublin and Edinburgh, July 1916.
4. On the vibrations of a membrane bounded by two non-concentric circles.—Calcutta Mathematical Society, Vol. VIII, April 1917.
5. Diffraction Phenomena in the testing of optical surfaces.—*Nature*, May 10, 1917.
6. Experiments with the Ballistic Phonometer.—Report of the Indian Association for the Cultivation of Science, 1915.
7. On Aerial waves generated by Impact, Part II.—Proceedings of the Indian Association for the Cultivation of Science. Vol. III, Part II, 1917. (This paper has also been accepted for publication in the London, Dublin and Edinburgh Philosophical Magazine).
8. On the Theory of Foucault's Test and the Radiations from the Edges of Diffracting Apertures.—Report of the Indian Association for the Cultivation of Science, 1916.
 1. On the motion of a perfectly elastic particle inside a given plane area under no external forces.—Bulletin of the Calcutta Mathematical Society, Vol. 7, 1916.
 2. On the determination of a rough surface on which a moving particle may describe a prescribed path.—*Ibid*, Vol. 8, 1917.
 3. On the diffraction of light by cylinders of large radius.—Proceedings of the Indian Association for the Cultivation of Science, Vol. 3, Part 3, 1917, and also in the Philosophical Magazine of London, Vol. 35, No. 205, 1918.
 4. On a new type of rough surface the motion of a heavy particle on which is determinable by quadratures. (In the press, for the Philosophical Magazine, London.)

Mr. Nalini Mohan Bose .

List of publications of members of the teaching staff, 1913—1917—contd.

LIST OF PUBLICATIONS OF MEMBERS OF THE STAFF DURING THE FIVE YEARS 1913—1917 (INCLUSIVE).			
Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff.	Contributions to the advancement of learning or science other than text-books or annotated editions of texts, etc., with detailed references in the case of papers contributed to periodical publications.
University Post-graduate Teaching in Science— <i>contd.</i>	Calcutta	Mr. Satyandra Nath Bose	1. Read two papers before the Calcutta Mathematical Society and one before the Science Convention (1917). 2. Sent a joint paper with Mr. M. N. Saha to the Philosophical Magazine which will be published soon.
		Babu Saradaprasanna Das	<i>See under Presidency College.</i>
		Mr. Bibhutibhusan Datta	The following papers were published in the Bulletin of the Calcutta Mathematical Society in the vols. and years noted against each. 1. On a physical interpretation of certain formulae in the theory of elasticity, Vol. 2, 1915. 2. On the figures of equilibrium of a rotating liquid mass for laws of attraction other than the law of inverse square, Part I, Vol. 3, 1915. 3. On the motion of two spheroids in an infinite liquid along their common axis of revolution, Part I, Vol. 7, 1917. 4. On the non-stationary state of Heat in an ellipsoid, Vol. VIII, 1917. 5. On the motion of two spheroids in an infinite liquid along the common axis of revolution, Part II, to appear shortly in Volume 9.
		Babu Sitash Chandra Kar	A paper on the Electric Resistance of a spheroid. To be read at the next sitting of Calcutta Mathematical Society, and will be published in the Society's Bulletin.
		Dr. D. N. Mallick Dr. Ganesh Prasad	<i>See under Presidency College.</i> The first nine of the articles given below were published in the Bulletin of Calcutta Mathematical Society in the volumes and years noted against each.—
			Text-books.
			Annotated editions of texts, etc.

1. On the present state of the theory and application of Fourier series, Vol. 2, 1914.
2. On the expansion of an arbitrary function in series of spherical harmonics, Vol. 2, 1915.
3. On some recent researches relating to the expansibility of functions in infinite series, Vol. 2, 1915.
4. From Fourier to Poincaré, Vol. 3, 1915.
5. On the existence of the mean differential co-efficient of a continuous function, Vol. 3, 1915.
6. On the linear distribution, corresponding to the potential function with a prescribed boundary value, Vol. 5, 1916.
7. On the second derivatives of the Newtonian potential due to a volume distribution having a discontinuity of the second kind, Vol. 6, 1916.
8. On the vibrating string with an infinite number of edges, Vol. 8, 1917.
9. On the failure of Poisson's equation and of Petrusini's generalisation, Vol. 8, 1917.
10. On the failure of Poisson's equation for certain volume distributions. Public lecture delivered in 1917 and published in the Philosophical Magazine, Vol. 34, 1917.

Mr. Meghnad Saha

1. On Maxwell's stresses (Electricity).—Philosophical Magazine, March 1917.
2. On the limit of Interference in the Fabry-Perot Interferometer (Light).—Physical Review, 1918.
3. On the influence of the finite volume of molecules on the equation of state (Kinetic Theory of gases). By Mr. M. N. Saha and Mr. S. N. Bose.—Philosophical Magazine, 1919.
4. On the fundamental law of Electricity.
5. On the dynamics of the Electron—Part II. Nos. 4 and 5 have been sent for publication in the Philosophical Magazine.
6. A Monograph on the theory of Relativity containing translations of the classical papers of Einstein and Menikowski.
Calcutta University. In the press.

List of publications of members of the teaching staff, 1913—1917—contd.

Name of college.	Town in which the college is situated.	Name of member of the teaching or administrative staff.	LIST OF PUBLICATIONS OF MEMBERS OF THE STAFF DURING THE FIVE YEARS 1913—1917 (INCLUSIVE).	Text-books.	Annotated editions of texts, etc.
University Post-graduate Teaching in Science— <i>contd.</i>	Calcutta	<p>Mr. Nikhilranjan Sen</p> <p>Mr. C. V. Raman</p>	<p>Contributions to the advancement of learning or science other than text-books or annotated editions of texts, etc., with detailed reference in the case of papers contributed to periodical publications.</p> <p>Paper on the potential of an area bounded by two Elliptic arcs. Read before the last meeting of the Calcutta Mathematical Society and to appear shortly in its Bulletin.</p> <p>1. A short method of Derveng Walker's Formula for the curvature of lines in Diffraction Spectra.—Bulletin of the Indian Association for the Cultivation of Science, No. 8, 1913.</p> <p>2. Some Acoustical observations.—<i>Ibid</i>, No. 8, p. 16 to 21.</p> <p>3. On the maintenance of vibrations.—Physical Review, July 1914.</p> <p>4. On the dynamical theory of the motion of Bowed strings.—Bulletin No. 11 of the Indian Association for the cultivation of Science, p. 43 to 52, with three plates, 1914.</p> <p>5. Note on the stability and vibrations of plane hia.—Bulletin of Calcutta Mathematical Society, Vol. 2, Part II, 1915.</p> <p>6. Some new methods in Kinematical theory.—<i>Ibid</i>, Vol. 4, 1915.</p> <p>7. On the summation of certain Fourier series involving discontinuities.—<i>Ibid</i>, Vol. V, 1916.</p> <p>8. On the maintenance of combinational vibrations by two simple harmonic forces.—Physical Review, Jan. 1915.</p> <p>9. On motion in a periodic field of force.—Philosophical Magazine, Jan. 1915.</p> <p>10. On Intermittent vision.—<i>Ibid</i>, Nov. 1915.</p> <p>11. On discontinuous wave motion.—<i>Ibid</i>, Jan. 1916.</p> <p>12. On the Wolf-Note in the veilm and cells.—Nature, p. 362 and 363, June 1916.</p> <p>13. On the Wolf-Note in the Bowed stringed instruments.—Philosophical Magazine, October 1916.</p> <p>14. On discontinuous wave-motion Part II—</p>	<p>.....</p> <p>.....</p>	<p>.....</p> <p>.....</p>

- 15. On discontinuous wave-motion, Part III.—*Ibid*, April 1917.
- 16. On the theory of cyclical vibrations of bowed strings.—Bulletin of the Calcutta Mathematical Society, Vol. VI.
- 17. On the Alterations of Violin-tone produced by a Mute.—Nature, October 4th, 1917.
- 18. Note on the motion of the Violin-Bridge.—Annual Report of the Indian Association for the Cultivation of Science, 1914.
- 19. Interference Fringes due to two points or linear sources nearly in line.—Proceedings of the Indian Association for the Cultivation of Science, pages 3 and 4.
- 20. Experimental Demonstration of combinational vibration.—*Ibid*, page 50.
- 21. On the wolf-note of Bowed stringed instruments.—To appear in the Philosophical Magazine, February 1918.
- 22. On the Mechanical theory of the vibration of Bowed strings of musical instruments of the violin family.—Indian Science Association Bulletin, No. 15. In the Press.

Babu Sisir Kumar Mitra

- 1. On the asymmetry of the Illumination—curves in oblique diffraction.—Philosophical Magazine, January 1918.
- 2. On Sommerfeld's treatment of the Diffraction problem.—Read before the annual Science convention of the Indian Science Association, 1917.

Sir P. C. Ray

- 1. Nitrites of the Alicyclicammonium series. Nitrosopiperazinium Nitrite. P. C. Roy and J. N. Rakshit.—Transactions of Chemical Society, 1913.
- 2. Chlorides of the Mercuricalkyl and Mercuroalkylarylammonium series and their constitution as based upon Conductivity Measurements. P. C. Roy and N. Dhar.—*Ibid*.
- 3. Equivalent conductivity and Ionisation of Nitrites. P. C. Ray and N. Dhar.—*Ibid*.
- 4. The Ionisation of Hyponitroas Acid and Sodium Hyponitrite as based upon conductivity measurements. P. C. Roy, R. L. De and N. Dhar.—*Ibid*.
- 5. The vapour density of Ammonium Nitrate, Benzoate and Acetate. P. C. Roy and S. C. Jana.—*Ibid*.

* The numbers of session days shown under "First year" refer to L. T., and those under "Second year" to R. T. course.

STATEMENT X.

Periods which elapse between the first day of the session in the first and third years and the actual beginning of the teaching work for students in those years respectively.

STATEMENT X.

Periods which elapse between the first day of the session in the first and third years and the actual beginning of the teaching work for students in those years respectively.

Name of college.	Town in which the college is situated.	PERIODS WHICH ELAPSE BETWEEN the first day of the session IN THE FIRST AND THIRD YEARS AND THE actual beginning of the teaching work FOR STUDENTS IN THOSE YEARS.	
		First year.	Third year.
Ananda Mohan College .	Mymensingh .	About one week generally. In 1918-19 the College re-opened on 24th June 1918 and the lecture commenced from the 10th July 1918.	Same as for first year.
Bangabasi College .	Calcutta .	14 days during the session 1918-19 .	14 days during the session 1918-19.
Baptist College .	Rangoon .	Teaching work begins with the opening of the session. The college has enough candidates who have passed the Burma High School Final to organise a class and does not care to have them lose time waiting for matric results. Those who pass matric join when the results are out.	It depends entirely on when the results are out.
Belgachia Medical College .	Cossipore .	About three weeks
Bethune College .	Calcutta .	In 1916-19 the college opened on 14th July 1918 and work commenced from 17th July 1918.	Same as for first year.
Broja Mohan College (a) .	Barisal .	Session began from August. Work began from 3rd December.	Session began from June. Work began from 25th July.
Burdwan Raj College .	Burdwan .	25 days during session 1918-19 (b)
Carmichael College (c) .	Rangpur .	Two weeks. The college opened on 16th July 1918 and work commenced on 1st August 1918.	Same as for first year.
Central College .	Calcutta .	The period was 12 days in the session 1918-19.
Chittagong College .	Chittagong .	7 days	10 days.
City College (a) .	Calcutta .	Three months and twenty days. This long interval between the 1st day of the session, August 1st and the actual beginning of the teaching work was due to the late publication of the matriculation results which was followed immediately by the Puja vacation.	One month and fifteen days. The teaching work began one week after the reopening of the college after the summer vacation. The academical session commences on the 1st June.
*Civil Engineering College	Sibpur .	3 days
Cotton College .	Gauhati .	None.	None.

* Colleges preparing pupils for professional degrees only.

(a) Information refers to 1917-18.

(b) As the College had to be closed earlier owing to the Upanayan ceremony of the Maharajahkiran Kumar Bahadur, it re-opened earlier than usual for the session 1918-19, i.e., on the 13th June. The results of the Matriculation Examination were announced on the 3rd July, 1918, in the Calcutta Gazette. The work of the 1st year class began on the 9th July. Hence the period which elapsed between the 1st day of the session and the actual beginning of the work is 25 days.

(c) The classes were postponed until 1st August, because of the influenza epidemic and the illness of a large proportion of the Teaching staff. The year classes were postponed only until July 22nd.

STATEMENT X—*contd.*

periods which elapse between the first day of the session in the first and third years and the actual beginning of the teaching work for students in those years respectively.

Name of College.	Town in which the college is situated.	PERIODS WHICH ELAPSE BETWEEN the first day of the session in the first and third years AND the actual beginning of the teaching work FOR STUDENTS IN THOSE YEARS.	
		First year.	Third year.
Dacca College . . .	Dacca . . .	16 days elapsed between the re-opening of the College and the actual beginning of the teaching work. The college re-opened on the 15th July 1918 and the work commenced on the 31st July 1918.	17 days elapsed between the re-opening of the College and the actual beginning of the teaching work. The College re-opened on the 15th July 1918 and work commenced on the 1st August 1918.
*Dacca Law College . . .	Dacca
*Dacca Training College . . .	Dacca
*David Hare Training College.	Calcutta . . .	None.
†Diocesan College . . .	Calcutta . . .	The 1st day of the session was 1st July 1917. The teaching work began on 2nd August for all those who had matriculated prior to 1917. The 1917 candidates commenced after the result of the Matriculation was published on 5th November.	The 1st day of the session was 1st July 1917. The teaching work began on 2nd July.
*Earle Law College . . .	Gauhati
Edward College . . .	Pabna . . .	In 1918-19. The college opened on 1st July 1918 and work commenced 16th July 1918.
Hindu Academy . . .	Daulatpur . . .	In this college actual teaching work begins in about a week after the reopening. In 1918-19 the college opened the 15th July 1918 and work commenced on 26th July 1918.	In 1918-19 the college opened on 15th July 1918 and work commenced from the 22nd July.
Hogghly College . . .	Chinsura . . .	10 days in 1916-17 and 3 months and 10 days in 1917-18. The college opened for 1918-19 on 4th July 1918 and work commenced from 15th July 1918.	13 days in 1916-17 and 16 days in 1917-18. In 1918-19 the college opened on 4th July 1918 and work commenced from 15th July.
Jagannath College . . .	Dacca . . .	College re-opened in 1915-16 on 27th June 1916. Lectures began on 17th July 1916. In 1916-17 college reopened on 16th July 1917. Lectures began on 19th November 1917. The session began very late on account of the leakage of the Matriculation questions and the cancellation of two examinations. In 1918-19 college re-opened on 2nd July 1918 and Lectures began on 9th July.	College re-opened in 1915-16 on 27th June 1916. Lectures began on 18th July 1916. In 1916-17 college reopened on 16th July 1917. Lectures began on 1st August 1917. In 1918-19 the college re-opened on 2nd July and lectures commenced on 9th July.
Krishna Chandra College . . .	Hetampur . . .	About 10 days

STATEMENT XI.

Non-University examination courses.

STATEMENT XI.

Non-university examination courses.

Name of college.	Town in which the college is situated.	Full particulars of any classes or courses which have been held during the five sessions 1913-14 to 1917-18 inclusive, other than those held in connection with university examinations.
Baptist College	Rangoon	<p>The only such classes or courses that have been held are the Scripture classes. As we never expected that these would be of interest to the university authorities, no records of them have been preserved in the office. But below is a rough account indicating the activities of the college in this direction.</p> <p>Three classes are held each year, one is for first year students, one for second year students, and one for third and fourth year students together. They begin work in June. That for third and fourth year students continues to the middle of December; the rest continue through January. They meet three times a week, and the meeting lasts for 30 minutes. Attendance is required of all students. The courses are non-controversial in character, and care is taken not to offend the religious susceptibilities of any students. We aim to base the courses on scholarly knowledge, but to make them bear practically on life. The courses for the session of 1917-18 have been:—</p> <p>For first year students, The Manhood of the Master by Dr. Fosdick. The class has been taught by the Professor of Chemistry.</p> <p>For second year students, The Social Teachings of Christianity by Dr. Rauchenbusch. The class has been taught by the Professor of Mathematics.</p> <p>For third and fourth year students, The Meaning of Prayer by Dr. Fosdick. The class has been taught by the Principal.</p> <p>In past years, among the courses taught have been; the Life of Christ, the Life of Paul, the Epistle to the Romans.</p> <p>Expeditions are organised such as visits to Botanical Gardens, the Mint, the Bengal Legislative Council, the Water Works at Tallah, art section of Indian Museum, Food Products Exhibition, Galleries at Belvedere, Cotton Mill and the Serampore College. On such occasions the students are accompanied by two or more members of the Staff and write afterwards in Bengali an account of their visit, which is looked over by the professors who accompanied them. These expeditions take place so that each year has one expedition a month during college terms.</p>
Bethune College	Calcutta	

Broja Mohan College	.	.	.	Barisal	.	There was a Gita class which assembled every Sunday at noon for two hours when Shri Bhagavat Gita was expounded to students by Babu Jagadish Mookerji, Head Master of B. M. Institution. The class ceased to exist from July 1915 owing to the continued ill-health of the lecturer.
Burdwan Raj College	.	.	.	Burdwan	.	Some lectures on the elements of physics and chemistry were given for the first year class.
Chittagong College	.	.	.	Chittagong	.	Pleaders' classes (1st and 2nd year courses) are held, the examinations whereof are held by the board of examiners.
City College	.	.	.	Calcutta	.	Classes have been regularly held twice a week during the last three years for the teaching of the Upanishads.
Civil Engineering College	.	.	.	Sibpur	.	1. Industrial classes—Boys (preferably the sons of workmen) are admitted for training in any of the following trades:— Carpentry Pattern-making. Blacksmithy Foundry (Brass and Iron). Fitting Boat-Building. Turning Electric fitting, etc.
Dacca Law College	.	.	.	Dacca	.	2. Telegraph class. Training sub-assistant superintendents of telegraphs. Pleaders' classes.
Dacca Training College	.	.	.	Dacca	.	A special class, viz., the nature study class, was held as an experimental measure under supervision of the principal of this college during the session 1913-14, 1914-15 and 1915-16. This special class was intended to train the vernacular teachers of middle and Guru training schools in nature study and it was held in a separate house rented for the purpose. An officer was specially appointed to hold charge of this class. As the results of the experiment were not entirely satisfactory, the class was abolished at the close of the session 1915-16.
David Hare Training College	.	.	.	Calcutta	.	There have been regular classes (both theoretical and practical) in physical education and drawing thus providing for an all-round training of the students.
Diocesan College for girls	.	.	.	Calcutta	.	Divinity 2 : lectures weekly one by the principal and the other by the Rev. W. H. G. Holmes of the Oxford Mission. First Aid : Lectures given by Dr. Segard. Indian Music : Indian School of Music. English Music : At the Calcutta School of Music. Painting and Drawing .

STATEMENT XI—contd.

Non-University examination courses—contd.

Name of college.	Town in which the college is situated.	Full particulars of any classes or courses which have been held during the five sessions 1913-14 to 1917-18 inclusive, other than those held in connexion with university examinations.
Hindu Academy	Daulatpur	<p>The Acharyya delivers lectures on religious subjects in the first year and the third year classes once a week in each.</p> <p>Different Sanskrit subjects are taught in the oriental department and some of the students of the college occasionally attend some of these classes.</p> <p>Besides regular work for the University, lectures are occasionally delivered on useful subjects such as physiology and hygiene as well as on other interesting science subjects.</p> <p>A moral instruction class was held every day during the sessions from 1913-14 to 1915-16 in which selections from the books of all religions were read and explained to the students by the professors. The attendance to the class was compulsory.</p> <p>The pleaders' classes (1st and 2nd year courses) are regularly held in this college every year, the examinations whereof are conducted by the board of examiners.</p> <p>For several years teacher training courses for teachers who were not reading for a university diploma were held. For two years these classes were held on Saturday afternoons during the session. Two other years these classes were held in May-June. The subjects dealt with were method of teaching History, Geography, Mathematics, English—with (one year) lectures also on Hygiene. The strength of the classes varied from 20 to 40 students.</p> <p>During the five years ending 1917-18 there was conducted each session the military pupil classes. During the first three years of the period the female certificate class was conducted and during the last three years the State medical faculty course. The details of these courses are given below:—</p>
Krishnachandra College	Hetampur	
Krishnagar College	Krishnagar	
L.M.S. Teachers Training College	Calcutta	
Medical College of Bengal	Calcutta	

Female Certificate Class—

This was a four years' course specially started for female students which has been abolished from the year 1916-17. The following were its curricula :—
1st year.—Descriptive and Surgical Anatomy, General Anatomy and Physiology, Materia Medica, Chemistry 30 elementary lectures, Dissections, Practical Pharmacy six months, followed by Test Examination.

2nd year.—Anatomy, Physiology, Materia Medica, Chemistry full course, Dissection and Hospital Practice, followed by final examination in these subjects.

3rd year.—Medicine, Surgery, Midwifery, Medical Jurisprudence, Pathology, Ophthalmic Surgery and Hospital Practice, followed by final examination in Pathology and Medical Jurisprudence.

4th year.—Medicine, Surgery, Midwifery, Dental Surgery and Hospital Practice, followed by final examination in Medicine, Surgery and Midwifery.

Military Pupils' Class—

This is a four years' course held under orders of the Director General, Indian Medical Service.

Would the college kindly supply particulars ?

State Medical Faculty Membership Examination—

This course is for five years. The subjects taught are those prescribed for the M.B. examination of the University with the only exception that the Hospital attendance is for 2 years instead of 3 as in the M.B. There are three examinations, namely,—Preliminary Membership at the end of the 1st year, Intermediate Membership at the end of the 3rd year and Final Membership at the end of the 5th year.

Pledership classes.

The only course held in this college for examinations other than Calcutta University examinations is a law class for the second grade pleadership examination for Lower Burma. The course is held yearly by the law lecturers.

There is a pleadership department consisting of 2 classes teaching for the High Court Examination.

The pleadership classes (1st and 2nd year courses) are regularly held in this college every year, the examinations whereof are conducted by the board of examiners.

			1. Sabityadarpan
			2. Mahatagimithram		
			3. Manusanhita		
In addition to classes and courses taken in connexion with university examinations this college arranges classes five days a week for half an hour from 1 P.M. to 1-30 P.M. for all undergraduate students, when in addition to purely religious teaching the widest scope is afforded to teachers to deal with all matters pertaining to life and character.					
St. Paul's Cathedral College	Calcutta				1. Daily religious instruction is given to all students for half an hour.
					2. Courses in first-aid have been held year by year.
					3. Social study circles are arranged from time to time.
Wesleyan College	Calcutta				Instruction in the Bible, generally one of the Gospels or the Acts of the Apostles, is given for 20 minutes each day except Saturday.

STATEMENT XII.

Attendance by persons other than candidates for University
examination.

STATEMENT XII.

Attendance by persons other than candidates for university examination.

Name of college.	Town in which the college is situated.	Are any of the classes held in connexion with the various university examinations attended by persons other than candidates for those examinations? If so, state the numbers of such persons attending at the various classes in question in the session 1917-18.																					
Belgachia Medical College	Cossipore	There was one casual student in Botany and Zoological classes only.																					
Civil Engineering College	Sibpur	Such students are admitted but at present there is only one who is reading in the first year engineer class which is a part of the university course.																					
Diocesan College	Calcutta	One student for English and Sanskrit in the third year.																					
London Missionary Society's College	Calcutta	During ten years we have had a few occasional students—men anxious to qualify as teachers in some special subject. This year, for instance, there was one such student for a time in geography.
